

## GERMANY EXPECTED TO MAKE STATEMENT ON ARABIC TRAGEDY

### Ambassador Gerard Is Cabled to Learn if He Has Received a Report From the Kaiser's Government.

## WASHINGTON WAITING TO GET ALL THE FACTS

### As Soon as the Facts Are at Hand Wilson Will Determine Course of Action. Germany Must Initiate Any Explanation She May Have to Offer.

Washington, August 23.—Four days have passed since a German submarine sank the White Star liner Arabic, with the loss of two American lives, and the American government still without detailed and official information necessary to shape its course.

The only development today was a break in the official silence at the white house. Secretary Tumulty, after conferring with President Wilson, issued this statement:

"As soon as all the facts regarding the Arabic are ascertained our course of action will be determined."

Secretary Lansing declared that all the information so far in the hands of the state department was fragmentary and that details still were being sought. Ambassador Page, at London, who had forwarded by mail a detailed statement, was instructed to send immediately a summary by cable. Some dispatches were received from him, but they were not made public, as it was understood the department was unwilling to give out material it considered incomplete.

Germany Pointedly Warned.

The United States had clearly expressed its opposition to destruction of merchant ships without warning and had pointedly warned Germany against repetition of such tragedies in which Americans are involved.

It is assumed that unless Germany wishes to make an outright league with the United States some explanation will be volunteered. Acting with that thought, Ambassador Gerard was instructed today to report whether he had received a report from the German government. He was not, however, instructed to ask for one.

It is said the state department will not necessarily wait indefinitely on Germany before taking whatever action is decided on, unless it does intend to try to encourage argument. All it wants now are the facts.

When these are assembled and officials are convinced their evidence is properly substantiated, President Wilson will lay the case before the cabinet.

It is up to Germany.

From the fact that Ambassador Gerard was not directed to seek an explanation, the state department had decided to let the German government initiate any explanation it may have to offer.

In the view of the state department, no points have been raised in the past regarding the important questions of convoy; the change of course just before the torpedo struck and other essentials. All the information received, as far as it goes, is pointedly to reflect censorship, is embodied in one brief affidavit by an American, Zelah Covington. The department regards it as essential that this should be corroborated and supplemented.

The department accounts for the apparent delay in securing affidavits by the fact that the Arabic survivors left Quezontlan almost immediately upon landing. The American embassy will be expected to find survivors and secure their statements, which may be slow work.

President Wilson has given up for the present his plans to return to Cornish, N. H.

All but three cabinet members are out of the city. A cabinet meeting will be held without delay, it is believed, about the sinking of the Arabic is received.

The Point in Doubt.

Already the question seems to have been cleared up that the Arabic was torpedoed without warning. The point now in doubt is as to whether Germany will claim that the change of course of the liner just before she was attacked led to the sinking, or whether she was attempting a hostile act against him. Ambassador Gerard at Berlin is expected to throw light on this point. Upon his report probably will depend the decision of the Washington government as to whether Germany has committed a "deliberately unfriendly act."

Discussion continued today as to the possibility of the United States entering into diplomatic relations with Germany in the event it is decided that the sinking of the Arabic was a "deliberately unfriendly act."

ARABIC UNFRIENDLY

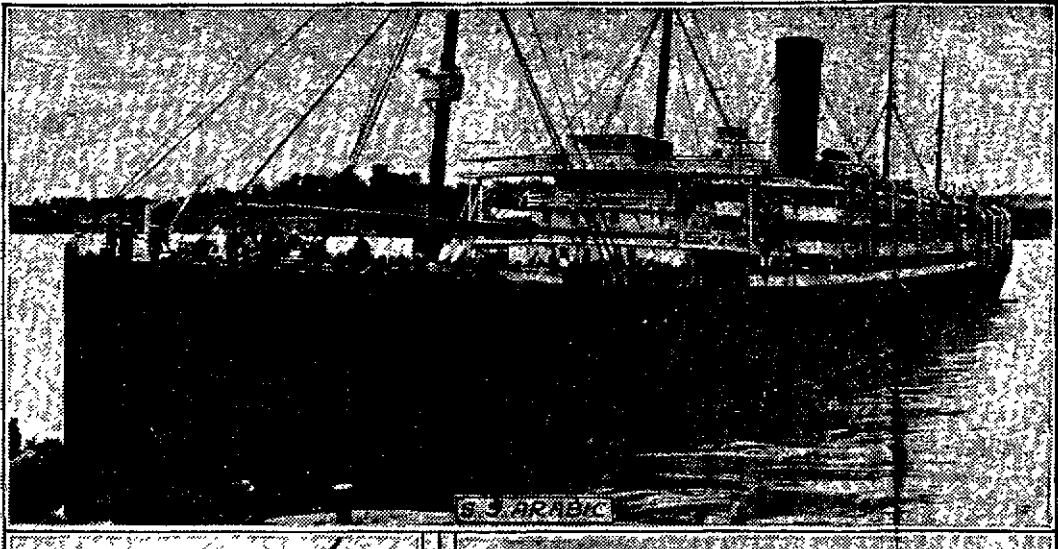

MERCHANT STEAMER.

London, August 23.—Official and unofficial statements were made today bearing on the precise status of the steamer Arabic at the time she was sunk, the purpose being to show definitely that the merchant commander and crew were proceeding on her course and that, without question, she was struck by a torpedo fired by a German submarine. The latter point became increasingly important owing to cables received from Berlin stating that since no one aboard the Arabic saw the submarine the vessel might have hit a mine.

The foreign office issued a brief statement summing up the facts, without disclosing all the details in its possession. The statement said definitely that the Arabic was sunk by a German submarine without warning and without question.

Continued on Page Five.

## Steamship Arabic Sunk by a Submarine

The White Star liner Arabic, of 15,801 tons, torpedoed by an unseen submarine while sixty-five miles off Fastnet light on her way to New York, may complicate still further our relations with Germany. Four hundred and twenty-three persons were on board—181 passengers and 242 crew. She sank in ten minutes. From the most accurate information available there were at least twenty-five Americans aboard. The White Star office in London states that twenty-five American passengers sailed, and in Liverpool it is reported that there were some Americans in the crew. The Arabic was torpedoed without warning, according to the White Star officials. She was struck on the starboard side, about 100 feet from the stern. One torpedo did the work. Fortunately for those on board the weather was fair and the sea calm. But the item which counted for most in saving so many of the passengers was the splendid team-work and efficiency of the crew, which managed to load sixteen lifeboats and lower them safely before the steamer sank.

## Atlanta Physician Serving in Russia Wins Pretty Bride

### Dr. Dean F. Winn Falls in Love With Volunteer Nurse and Wedding Will Take Place September 1.

Dr. Dean F. Winn, well-known young Atlanta physician, who went to Russia last fall to do volunteer service in a Red Cross hospital, will wed on September 1 Miss Alexandra Hartmann, a volunteer nurse in the hospital, and will return shortly afterwards to America to resume the practice of his profession in Atlanta. The wedding will take place at the estate of the bride's mother, Pachelma, Russia.

Announcement of the approaching marriage of Dr. Winn was made by his sister, Mrs. C. E. Roberts, 108 East Morris avenue. He also has a brother here—Cooper Winn, special agent of the Aetna Life Insurance company.

Dr. Winn was one of the four chosen from more than one hundred physicians who volunteered for Red Cross service in Russia. Dr. Winn was assigned to service in a hospital formerly used as a college.

As the European war progressed and more nurses were required a number of young women, members of Russian nobility, volunteered for duty, among them being thrown in daily contact, caring for the sick, the wounded and dying.

Mr. Lechner, so that a letter Monday morning announcing the approaching marriage was no surprise.

The bride and groom met and shook hands with the czar of Russia and has recently been royally entertained. The bride's father, of the Hartmann family at Pachelma.

## CRANKING HIS AUTO W. C. LOCKHART DIES OF HEART FAILURE

While cranking his automobile yesterday afternoon at 1:30 o'clock in front of his home, 56 Simpson street, W. C. Lockhart, age 39 years, was stricken with apoplexy and fell to the pavement dead. Besides his widow he is survived by two children, his father and a brother.

Mr. Lockhart had been for the past ten years representative of the W. H. Miles Shoe company, of Richmond, Va., and was considered one of the most popular salesmen in this territory.

The body was removed to Greenberg & Bond's mortuary chapel and will be taken today to Maysville, Ga., where the funeral and interment will take place at his former home.

## 11,000,000 PEOPLE SEE FRISCO EXPOSITION

San Francisco, August 23.—The total number of visitors to the Panama-Pacific exposition has reached 11,000,000, it was announced today.

The body was removed to Greenberg & Bond's mortuary chapel and will be taken today to Maysville, Ga., where the funeral and interment will take place at his former home.

## BOYCOTT STARTED AGAINST ATLANTA BY BOSTON FIRM

Now comes Harry L. Bond & Co., a Boston concern, which has furnished the city with caulking yard and tools for the past two weeks with the following letter, which was received Monday morning by W. E. Chambers, city purchasing agent:

"Answering your letter of the 17th, we do not care to quote prices on caulking, and we do not wish to further solicit any of the business of the city of Atlanta until the state of Georgia has taken official action looking to the apprehension and punishment of those who murdered Leo Frank."

The letter was signed Harry L. Bond, as president of the company, and was in reply to a letter from Mr. Chambers asking for prices on material for the waterworks department.

Mr. Chambers said that he felt quite certain that the city of Atlanta, as well as the state of Georgia, could continue to exist without any further commercial relations with the Boston concern. He stated that he would answer Mr. Bond to the effect that "we are sure that following the receipt of your letter of the 22d, the state of Georgia will immediately apprehend and punish the party that committed the crime of which you write."

## Coroner to Resume Investigation Today Into Frank Lynching

Coroner John A. Booth, of Cobb county, will resume his inquest into the Leo Frank lynching this morning at 10 o'clock in the Marietta undertaking parlors.

The superior court investigation will be held next Tuesday morning, a special session of court having been called.

The moving pictures of the funeral of Leo M. Frank, which also included pictures of the crowds at the scene of the lynching and at the Greenberg & Bond undertaking establishment, were barred by the board of censorship yesterday afternoon, after Manager Logan, of the Georgian theater, had run them three or four times.

An advertisement on the street of the picture was stopped by Chief of Police W. M. Mayo, who, with Mayor Pro Tem I. N. Ragsdale and City Clerk Walter Taylor, made protests against the Frank pictures to Harrison Jones, president of the board of censorship, and W. L. Percy, chairman of the censorship committee.

Mr. Jones and Mr. Percy immediately visited the theater and watched the frank pictures, which, according to their statements, were a part of the Frank pictures.

The pictures did not include scenes of the run of the Frank pictures, Mr. Percy and Mr. Jones ordered Manager Logan to cut out that part of the Frank pictures which showed anything about the Frank lynching or funeral.

The United States attorney acquiesced to their demands.

In a statement to The Constitution, Chairman Percy explained the action of the censorship board as follows:

"Prominent officials and citizens complained to us about the pictures, and declared that their being run would be a lack of consideration for the feelings of many people in Atlanta. We, therefore, on the grounds of public policy, decided to cut them out."

The pictures did not include scenes of Frank's body hanging by the rope to tree near Marietta, where he was lynched.

## GERMAN LEADERS READY FOR PEACE

### The Empire's Financial Resources Approaching Exhaustion—Peace Proposals Acceptable to Allies Urged

Amsterdam, August 23.—(Via London.)—At the secret conference of cabinet ministers, political leaders and influential writers, called by the German imperial chancellor before the reassembling of the reichstag last Thursday to discuss the political situation, The Telegraph says, Karl Helfferich, secretary of the treasury, explained that the new German war loan would completely exhaust the empire's financial resources and that the increase in exchequer bonds would cause bankruptcy. Therefore, Dr. Helfferich urged, it was needful to prepare for an honorable peace.

Chancellor von Bethmann-Hollweg, according to the same report, declared that the difficulties of the empire were increasing and advised his hearers to use their influence to soften down bellicose inclinations and expansion policy in the reichstag and the country and carefully to prepare peace proposals which would be acceptable to the four members of the entente.

Dr. Bernhard Dernburg's report of the failure of his mission in the United States and other neutral countries, The Telegraph says, made a strong impression on the conference.

General von Moltke, former chief of the general staff, declared that he fully agreed with the chancellor and added that only those not fully informed on the situation could hope for the possibility of complete Russian defeat.

Despite these declarations, the story concludes, the meeting refused to adopt a resolution advocating moderation in the reichstag, whereupon the chancellor declared that if a majority in the reichstag should show an irreconcilably chauvinistic attitude he would be obliged to resign, as he could not accept responsibility for Germany's disaster.

## While Trying to Pawn Bicycle With Its Owner Negro Is Nabbed by Cop

Augusta, Ga., August 23.—(Special.) Daniel Cohen, negro, has had enough experience with pawnshops for awhile. Saturday night Roscoe Rogers, who manages a pawnshop, left his bicycle in front of a business house while he went inside.

Cohen saw the wheel, coveted it and took it. Returning to his pawnshop afoot, he found the negro trying to pawn the wheel. An officer was called and Daniel joined the city's boarding-house crowd.

## GERMANY'S PLANS ARE BADLY SPOILED BY NAVAL REVERSE

### Military Critics Believe the Russian Victory at Riga Will Definitely Check the German Sweep Towards Petrograd.

## RUSSIAN GRIP ON RIGA MENACES GERMAN REAR

### Ossowetz Fortresses Has Been Occupied by Germans, and German Center Has Pushed Close to Brest-Litovsk. Naval Defeat Will Cause Change in Campaign.

London, August 23.—German naval reverses in the Gulf of Riga and the Baltic check the German occupation of Ossowetz and a British naval bombardment of the German naval base at Zeebrugge today temporarily diverted attention from the issues growing out of the sinking of the White Star liner Arabic.

The German version of the Riga battle has not been given out, but the definiteness of the Russian report on the sinking or crippling of the German battle cruiser Moltke, two other cruisers and eight torpedo boats has sent a wave of enthusiasm throughout the country and dispelled the depression over the Russian retreat on land.

GERMAN SWEEP HAS BEEN CHECKED.

Aside from the loss of the German ships, the naval engagement is regarded chiefly important for the strategic effect on the land operations in the German sweep eastward toward Petrograd, which military observers now consider as having been checked and possibly irreparably defeated.

The German center has pressed forward steadily, until Prince Leopold of Bavaria is near the new Russian line of defense. The military observers say the entire campaign hinged on the vast enveloping movement of Field Marshal von Hindenburg's force in the north. They had pushed far beyond Riga, to Jacobstadt on the Dvina, but the Russian hold on the Gulf of Riga and of the great naval base of Riga was a continual menace in Von Hindenburg's rear.

This military observers say led to the shifting of a number of German capital ships, including the Moltke, from the North sea to the Baltic with the purpose of controlling Riga and thus protecting a German land advance on Petrograd.

PLAN SPOILED BY NAVAL DEFEAT.

The result of the naval battle, as gleaned from the official report, appears definitely to have defeated the German plan, according to the observers, who say that as a result of the loss of the ships, the gulf and the naval base of Riga are still in Russian hands and a menace Von Hindenburg's further advance toward Petrograd.

The German capture of the fortress of Ossowetz gives them another stronghold, only Grodno and Brest-Litovsk remaining in the central section. It also gives them the main point on the railway to Bialsk and Brest-Litovsk.

Special reports from Petrograd indicate that the Russian position at Brest-Litovsk gradually is becoming untenable.

## BRITISH ATTACK ON GERMAN BASE

Meager details have been received concerning the British bombardment of the German military base at Zeebrugge and neighboring points on the Belgian coast. Berlin reports that forty British ships were engaged in the attack, but the British admiralty has made no statement. The firing lasted several hours, the German heavy artillery answering the British fire.

The attack has been French naval activity in the same locality as the Paris official communication, which announces the sinking of a German torpedo boat destroyer off Ostend after having been bombarded by our coastal artillery.

In the west there have been no notable changes in the battle line.

## OSSEWETZ TAKEN BY THE GERMANS

Berlin, August 23.—(Via London.)—German troops have occupied the fortress of Ossowetz, which was evacuated by the Russians, German headquarters announced today.

The text of the German statement reads:

"Early this morning an enemy fleet, consisting of about forty ships, appeared before Zeebrugge and steamed away again in a northwesterly direction after having been bombarded by our coastal artillery."

"In the Vogues and north of Muensterland, including the Lingekopf-Schraatzmannelle-Barrenkopf-Strong attacks by the French partly on the coast, the German troops have Counter attacks drove the enemy back again on the Lingekopf. On Schraatzmannelle and Barrenkopf fierce fights took place. The German troops were at close quarters for certain trench positions lasted throughout the night. About thirty mountain chassours were killed."

"At Wastrlin, southeast of Lille, an English flying machine was shot down. The pilot is being held as a prisoner."

"Army group of Field Marshal von Hindenburg."

"The troops of General von Elsiehorn are making further progress east of Kovno."

"The Bobr we occupied Ossowetz fortress which was evacuated by the Russians."

"North and south of Tykocin successful engagements took place. Tykocin was taken. On this occasion 1,200 prisoners, including eleven officers, and seven machine guns fell into our hands."

"Desperate Russian counter attacks at Bialsk failed with very considerable losses to the enemy, and we advanced south of this town."

"The troops of General von Elsiehorn are making further progress east of Kovno."

"The Bobr we occupied Ossowetz fortress which was evacuated by the Russians."

## FAKE TORPEDO ATTACK AWAITS THE GOVERNORS

### State Executives Are to Meet in Conference at Boston Today.

## RUSSIAN GRIP ON RIGA MENACES GERMAN REAR

Boston, August 23.—An unusual experience awaits the governors and former state executives who are to attend the annual sessions of the Conference of Governors of the United States, which opens tomorrow. They are to be the objects of a supposed torpedo attack in connection with a review of the North Atlantic fleet, off Boston Light.

The governors are to board the battleship Wyoming, together with Secretary of the Navy Daniels. As the fleet passes before them, one of the destroyers will launch a torpedo, the course of which is to be arranged so that the governors may watch it from its start until its power is exhausted before it reaches its mark.

In the meantime battleships and destroyers will go through a series of battle maneuvers. The fleet left Newport, R. I., today, and is expected to reach Boston Light some time tomorrow. At the conclusion of the review the war vessels will leave for the southern drill grounds.

Seven state executives and five former governors arrived for the conference tonight. They were Governors Capper of Kansas, William Spry of Utah, Roland Spaulding of New Hampshire, Frank B. Rowland of South Dakota, Henry C. Stuart of Virginia, Richard I. Manning of South Carolina and Robert L. Williams of Oklahoma, and former Executive Samuel D. Felker of New Hampshire. Also present were Governor of Florida and Alva Adams and Elias M. Ammons of Colorado.

The business sessions of the conference will be given over to papers and discussions on national preparedness, state economics, duties of governors, conservation of resources and the short ballot.

Besides the naval review, the entertainment committee has provided an assembly of the full strength in men and equipment of the Massachusetts Light cruiser, destroyer, minesweeper, reception, dinners and other functions.

## McAdoo Pledges \$30,000,000 of the Government Funds To Protect the Cotton Market

### Because of Contraband Order, the Secretary Will Deposit Gold in Southern Reserve Banks to Rediscount Cotton Loans.

## LOW RATE OF INTEREST URGED BY SECRETARY

### No Interest for Time Being Will Be Charged by the Government on Deposits Made to Assist the Cotton Growers.

Washington, August 23.—Treasury officials tonight made public an announcement by Secretary McAdoo that, in view of the action of the allies in putting cotton on the contraband list, he would, if it became necessary, place \$30,000,000 or more in gold in the federal reserve banks at Atlanta, Dallas and Richmond for the purpose of enabling the reserve banks to rediscount loans on cotton secured by warehouse receipts made by national banks and state banks belonging to the federal reserve system.

The gold would be deposited temporarily, at least, without interest charge. It was explained that if it appeared that the object could be accomplished with greater efficiency thereby, the deposits would be made directly with national banks agreeing to lend the money on cotton at a rate not to exceed 6 cents. Secretary McAdoo authorized the announcement from his summer home at North Haven, Maine. It came at the close of a day of speculation in official circles as to the nature of steps which the entente powers have indicated they will take to uphold the cotton market in the face of their contraband order.

McAdoo's Statement.

"In the exercise of the discretion given to him by law," read the treasury statement, "Secretary McAdoo said that the government will, for the time being, charge no interest on these deposits in federal reserve banks; that such action is justified by the unusual situation respecting cotton caused by the European war; that he considers it his duty to use every available means in his power to help the cotton producer of the south in the circumstances; that it is a matter of economic importance to the entire nation that those who have produced the cotton crop shall have a fair opportunity to dispose of it gradually and in an orderly manner so they may not be forced, through inability to market their cotton gradually, to sell it at sacrifice prices."

"The secretary said that one of his chief objects was to create a basis for such enlarged credit in the south that the banks will have ample resources to extend to producers such accommodations as they may be able to carry cotton in warehouses for a reasonable length of time until it can be marketed advantageously."

Low Rate of Interest.

In order to accomplish this, he said that the national and state banks would be authorized to make the federal reserve system should make warehouse receipts for insured cotton at low rates of interest; that the banks can well afford to carry cotton for producers at 6 per cent, especially if they are able to rediscount cotton paper at the federal reserve banks at a much lower rate than 6 per cent; that the credit resources of the banks of the country are ample to carry over before in our history, and that there is no reason why the banks should not, in co-operation with the merchants of the south, help the cotton producers with the highest interest rates in the present peculiar situation.

"The federal reserve board, the secretary said, had a right to determine the rate of interest which the federal reserve banks can charge member banks on notes or loans secured by insured and warehouse cotton rediscounted with federal reserve banks. He has been unable to consult his colleagues of the federal reserve board."

Rome, August 23—(Via Paris)—Several transports laden with troops and escorted by warships have departed from Naples, Syracuse, Taranto and Brindisi for an unknown destination. They sailed under sealed orders. It is generally believed that they are to be employed for operations against Turkey.

BULGARIA AND TURKEY SIGN A NEW TREATY.

Berlin, August 23—(By Wireless to Sayville)—The Overseas News agency today gave out the following information: "A new treaty between Bulgaria and Turkey has been signed at Sofia. The treaty provides for a direct railroad connection with the sea, and Bulgaria agreeing to observe a benevolent neutrality toward the states and induce them to join in the war against Turkey."

ITALY AND SERBIA AGREE ON ALBANIA.

Milan, Italy, August 23—(Via Paris)—Premier Pachitch, of Serbia, is quoted in an interview in the Corriere della Sera as saying that Serbia has given way to Italy regarding Albania. This has been one of the main difficulties in the way of a neutral Serbia in the Balkan problem favorable to the allies.

## HOW RUSSIANS WON GREAT SEA BATTLE

### Only One Russian Vessel Lost, While Eleven German Ships Were Sent to the Bottom at Riga.

Petrograd, August 23.—(Via London.) The little Russian gunboat Sivuch, with a crew of 143 men, is said by the Petrograd newspapers to be the only Russian warship lost in the Gulf of Riga battle. Commander Toberkassov, who distinguished himself at Port Arthur, was in command of the Sivuch. The number of survivors has not been announced.

Although the president of the duma announced that the German battle cruiser Moltke had been sunk, there appears to be some doubt whether it was the Moltke, or a vessel of that type. The only other German warship of the Moltke type according to naval reports is the battle cruiser Goeben, sold to Turkey in 1914, and renamed the Sultan Selim.

The German fleet on August 16 renewed with large forces its attacks on the Russian fleet in the Gulf of Riga. Our ships during the 16th and 17th repulsed the attacks of the enemy, who were unable to enter the gulf had been favored singularly by misty weather. The Russian fleet on the 16th and 17th repulsed the attacks of the enemy, who were unable to enter the gulf had been favored singularly by misty weather. The Russian fleet on the 16th and 17th repulsed the attacks of the enemy, who were unable to enter the gulf had been favored singularly by misty weather.

Between the 16th and 21st, two enemy torpedo boats were sunk. The Russian fleet on the 16th and 17th repulsed the attacks of the enemy, who were unable to enter the gulf had been favored singularly by misty weather. The Russian fleet on the 16th and 17th repulsed the attacks of the enemy, who were unable to enter the gulf had been favored singularly by misty weather.

Today's German official statement says that a hostile fleet of about forty ships, including several submarines, and subsequently steamed away to the northwest. This is the first report of any important naval movements in the North Sea since the beginning of the war. The last important naval action in these waters took place January 24, when the German cruiser Blucher was sunk.

London, August 24.—(2 50, a m)—A Morning Post dispatch from Petrograd says: "In addition to the German losses previously reported in the Riga battle, the German submarine was run ashore on the coast of Dago Island (in the Baltic sea just outside the Gulf of Riga) and doubtless also is lost."

Washington, August 23.—Chief surgeon of a number of the large railroads began a two-day conference here today with medical representatives of the army, navy, public health service and the Coast and Geodetic Survey, accident surgery and transportation.

London, August 23.—There were seventy-seven Americans in the crew of the steamer Baron Erskine, which was sunk by a German submarine last week. The Americans were horse tender, when it was landed safely with the rest of the crew.

## Bavarian Prince For Polish King

ARROW INDICATES PRINCE LEOPOLD. It is the intention of the German government to make Prince Leopold of Bavaria the king of Poland in the event that the Austro-Germanic forces are able to maintain control of the ancient country. Leopold's troops were first to occupy the city after its desertion by the Russian army. The photo shows the aged Bavarian in the field with some of his officers.

## JAPAN WILL FURNISH MUNITIONS TO RUSSIA

Premier Okuma States That Government Has Decided to Give Greater Assistance. Tokio, August 23.—The Kokumin Shimbun says: "Premier Okuma states that Japan has decided to give greater assistance to Russia to prosecute the war. He could not discuss details, but said that the assistance would take the form of the forwarding of greater supplies of munitions for the allies, particularly for the Russian government. He believes the time has arrived for more concerted action against the enemies of Japan and her allies."

One of Russia's greatest embarrassments has been a shortage of guns and ammunition. Military writers, while not discounting the effectiveness of the enormous Austro-German offensive movement, have stated that the extent of recent Russian reverses has been due in part to inadequate supplies of munitions. Russia's facilities are entirely insufficient to meet the large demands of such a campaign as is under way with the Baltic sea closed and supplies from without, she has been able to import supplies only through Archangel, or over the Trans-Siberian, which the attempt of the allies to force the Dardanelles has for one of its objects the opening of the straits route for the assistance of Russia.

Large orders have been placed in the United States by Russia and from Pacific ports Japan also has forwarded war supplies to Russia. The Associated Press from Vladivostok several weeks ago said that great amounts of supplies were being received by Russian transportation to the Russian front.

## HAITIENS PLAN ATTACK ON AMERICAN FORCES

Washington, August 23.—Reliable reports that Haitian rebels have been organizing an army to attack the American forces on the island of Haiti. Plans for this movement are being carried out to reinforce Admiral Caperton's marines and bluejackets. The Haitian artillery battalion at Annapolis, comprising 350 men and twelve 3-inch field pieces, will be embarked on the steamer General Slocum and sent to southern waters this week to await developments at some place where they can be landed in a few hours. The Tennessee arrived yesterday at Norfolk and will proceed to Annapolis tomorrow.

## 77 AMERICANS SAVED FROM STEAMER ERSKINE

London, August 23.—There were seventy-seven Americans in the crew of the steamer Baron Erskine, which was sunk by a German submarine last week. The Americans were horse tender, when it was landed safely with the rest of the crew.

## FEDERATION FOR RAILWAY UNIONS

Detroit, Mich., August 23.—Among the questions expected to attract attention at the national convention of the grand lodge of the Brotherhood of Railway Clerks, which was opened here today, is a proposed movement to organize all transportation unions into one large federation. Resolutions already prepared state that the old plan of dealing with railway managers, as individual crafts, has shown weakness, and that the federation has been only a partial success.

## SUBMARINE CHASES AND SINKS DIOMED

### Liner Evaded Submarine for Four Hours—Three Men Killed by Shells.

Queenstown, August 23.—The Lamport and Holt liner Diomed has been sunk by a German submarine. Her captain, quartermaster and steward were killed by shells fired by the submarine during a pursuit of four hours. An officer of the Diomed, who landed here today with other survivors, says that two submarines were sighted according to this report. They were rigged with dummy funnels. One of them, this officer asserts, subjected the Diomed to a heavy shell fire. The liner attempted to escape, but surrendered after being pursued for four hours. Two boats were lowered and forty-nine members of the crew got away, taking with them the captain's body. Shortly afterwards one boat was swamped. Two Englishmen and five Chinese were drowned. The others were picked up by the second boat. This boat, being overcrowded was in danger of being swamped, but its occupants were saved by the arrival of a steamship. Survivors say that during the pursuit the Chinese firemen refused to continue stoking and the work was undertaken by deck hands. The submarine stood off at half a mile until the Diomed sank. The assistant quartermaster of the Diomed states that another steamer was sighted at the time and apparently was sinking. This vessel, in his opinion was attacked by a second submarine.

Paris, August 23.—Rumors of a misadventure of a channel steamer on a voyage from Folkestone to Boulogne are being circulated widely in Paris. Apparently they originated in the fact that the steamer was due in Paris last night but did not arrive. Railway officials had a report that the vessel met with an accident and returned to Folkestone. The official press bureau was without information.

London, August 23.—The British schooner Martha Edmonds, 182 tons gross, and owned at Fovey, has been sunk. Her crew was landed.

## MORE GOLD AND SILVER FOR THE UNITED STATES

Washington, August 23.—Increased production of both gold and silver in the United States for the calendar year 1914 as compared with 1913 is shown in a statement issued today by Director of the Mint Woolley. The gold output was 4,572,976 fine ounces, valued at \$94,531,800, and silver 2,456,100 fine ounces, the commercial value of which was \$40,067,700. Gold production was greater by \$5,647,400 than in 1913, and silver was greater by \$6,688,600. Nevada and Utah showed the principal increases in gold production—\$441,200 and \$249,400, respectively, while the increases were Colorado \$1,782,700, Alaska \$1,345,900, California \$1,010,900, and Montana \$222,700. Idaho showed the largest gain in silver with 3,096,700 fine ounces, valued at \$1,712,600. Today's figures are two months ahead of last year's, the compilation being hastened because of the extraordinary interest in the question of the gold supply.

Denmark has about eighty-five head of cattle to every 100 inhabitants.

25 DEATHS DAILY FROM STARVATION

At Least 8 Per Cent of the Mortality in Mexico City Due to Lack of Food—Caranza Doing Little to Relieve.

Mexico City, August 23.—(By Courier to Vera Cruz, August 19, via New Orleans, August 21.)—Deaths by starvation continue in this city, and most conservative estimates place them at twenty-five a day.

During the month of July, 1,886 deaths were registered in Mexico City. According to Charles J. O'Connor, of the American Red Cross, 8 per cent of the deaths occurring in Mexico City are due to starvation.

Such supplies as were brought in by General Carranza were hoarded for his own army, and the capital and other cities are nearly exhausted.

# ARTHUR THURMAN AGAIN IN THE TOILS OF THE LAW

## Lawyer Is Charged With Borrowing Money on Fake Collateral Slips.

Arthur Thurman, a former Atlanta attorney, was indicted by a Fulton county grand jury on the charge of aiding in bribing Barbour and Ragsdale two witnesses in the Frank case, to change their testimony, the jury exonerating him, is again in the toils of the law.

Thurman, according to City Detectives Bass Rosser and C O Cochran, has been working a swindle in Atlanta, borrowing money on fake collateral slips supposedly representing money in the Colonial Trust company, a corporation, said by the detectives, never to have existed.

Thurman was arrested at the Cantier building last night by Detectives Rosser and Cochran on the complaint of J H Falks, the restaurant man, that he (Thurman) had secured \$500 from him, giving as security a deposit slip on the Colonial Trust company, representing \$500 of deposits in that firm.

Falks and the detectives claim that while a charter for the Colonial Trust company was once taken out, that such a firm has never actually existed and does not exist.

Thurman will face Recorder Johnson this afternoon on the blanket charge of disorderly conduct. He has been released under bond of \$500.

Detective Rosser also states that there is a warrant charging a conspiracy for Thurman's arrest, and that notwithstanding the outcome of today's trial, he will take Thurman under arrest.

Thurman's arrest recalls his sensational trial here several years ago when, the Anzley hotel he slipped the jaws of the young son of Harry Poole, and, when taken into custody by Detective Rosser, he declared that the young boy had insulted his wife. Newspaper accounts of this sensational trial reached the eyes of the real author, the Honorable G. A. who the following day showed up in Atlanta with Thurman's real wife.

# STRUCK BY TRAIN, THOMAS J. GLENN DIES AT HOSPITAL

Thomas J. Glenn, freight employee who was injured by a passing train at Simpson street crossing Saturday evening, died yesterday at private hospital. The body was removed to the chapel of Barclay & Brandon and will be taken to Dykes station near Rome, this afternoon for burial and interment. Mr. Glenn was 36 years old and unmarried.

According to witnesses Glenn stepped from an engine on the Southern railroad, and was struck by another passing train. He was injured in the chest and suffered the loss of his left arm. The accident occurred about 8 o'clock Saturday evening.

He is survived by his mother Mrs. Maggie Glenn, seven brothers Scott Glenn, Leon, Ed, Edward Glenn, Fort Worth, Texas; Albert Glenn, Walter, Forrest, Ollie and Peter Glenn all of Rome, six sisters Mrs W. Lanham, Mrs. M. M. Moore, Mrs. Sprout, Rose, Mrs. Carrie Davis and Mrs. A. B. Moody, Atlanta, and Mrs. Katie Arnold, Douglas, Ga.

# Negro Cabman Chased By Atlanta Officials And Put Under Arrest

City officials lent a touch of excitement to downtown Atlanta yesterday about noon in a free-for-all race after Ed Jordan, a negro cabman, whose cab was taking up practically all of the street as it passed the city hall.

Alderman Albert Thomson, of the fourth ward, Walter E. Dillon, assistant city clerk, Walter Taylor, City Attorney James L. Mayson, Police Commissioner Robert Clark and City Investigator W. F. Buchanan were standing in front of the city hall talking when they spotted Ed coming down the street in such a zigzag and reckless fashion as to endanger pedestrians, among whom was a young lady. They called to Ed to stop, but Ed took the warning as a cue for exit and immediately threw his hat into the air, so to speak. The officials gave chase for several blocks and captured the negro.

# TWO MURDERS REPORTED NEAR BLANTON'S FERRY

Columbus, Ga., August 23—(Special)—Meager details were received in Columbus today of two killings reported to have occurred in the Blanton's ferry neighborhood on the Chattahoochee river between this city and West Point.

The neighborhood was the scene of several tragedies a few weeks ago. According to reports received Marshall Pratt, a white farmer, shot and killed a negro who insulted him and threatened his life. The other killing was among negroes.

# Nettie Franklin Lost.

Jacksonville, Fla., August 23—The fishing schooner Nettie Franklin was lost in the recent gulf hurricane and two members of the crew perished according to reports today coming from the steamer International, which has picked up the survivors from Florida. The International picked up eight members of the Franklin's crew and reported two others as being missing. Pensacola is the Franklin's home port.

# Former Atlantian Writes of Trench Fighting; "Billy" Clarke Now a British Army Captain

Company practically wiped out by German shells

W F Clarke better known to his many Atlanta friends as "Billy" who left here last November to fight for his country, England, enlisting as a second lieutenant in a company of London recruits, has written to his English friends here of his promotion in rank to a captaincy.

He describes how the German guns throw poisonous gases into the British trenches and tells of a desperate bayonet charge by his company one night on the German gas tanks in order to save their lives.

Both letters, which are printed below, are to Cyril B. Smith, a local architect and Mrs. Smith.

**Made Many Friends.**  
Clarke during his short stay in Atlanta made many friends. He came here the latter part of the year 1913 representing a film corporation, and went back to enlist in November. He is a native-born Englishman being about 33 years old. He was in the South African war as captain in the Imperial Light Horse, where he received a D. S. O. medal.

He later went to the source of the Nile river with a movie machine to Australia and accompanied Scott's South Pole expedition. He has also visited Africa twice hunting for pictures of big game with his movie camera.

His latest letter was written from the Piccadilly hotel London, and dated August 4. He states that he has been in London recruiting a film company and probably will be sent to the Dardanelles. The letter reads:

"Piccadilly Hotel, Piccadilly and Regent Street London—My Dear Cyril and Mrs. Smith—Once more I am allowed to look upon London—God knows I never thought I should know it is to hear music and eat a good dinner.

I am sending you a photo of my platoon unfortunately there are only a favored few of which I count one. In a few days I go to Grantham to collect more men to fill the vacant files. My captaincy has come, and I will have my own company.

Remember me to \_\_\_\_\_ and all the boys I know. Lots of the best to you both. Sincerely,  
BILLY

**Letter From Trenches.**  
An interesting letter written from the trenches reads as follows:  
"Somewhere Not on the Skyline—My Dear Cyril—What a time we have been having! If I were to try to describe all I have seen since arriving here, you would want a week's holiday to read it. I never thought we were going to get here and least of all to live so long. I have seen so much that if ever I come back to America nothing will ever induce me to talk war or soldiering.

Have had some scrapping the other day. I was detailed to look after a small line of trenches. During the night some of our dear friends dropped some shells in on us, some of which contained gas.

I said "All right you devils we will finish you."  
So I divided my men sending one-half to hold the fire trench and took the remainder with me. It was pitch-dark except for the enemy's searchlights. (Half an hour before leaving I saw all the fire trenchmen to singing popular songs, which included many rag selections I have heard in Atlanta theaters.)

We crept forward the music following us until we were within forty yards of the enemy.  
Then I gave the order to "charge." Believe me there were none left to talk about—German, I mean. We got the gas bag and then we retired as it is a delightful game they play to let you into their trenches, and then blow you up. I just left two sappers in to cut the fuses and next morning we occupied the trenches.

I might mention that I started out with a revolver and a walking stick and finished up defending myself with a rifle and bayonet. It's good sport, a charge, and then Huns hate it. They have no nerve for it at all, at least they have none when our boys have done with them.

"We Are Going to Win."  
The boys are a young revolution in themselves—they fight like demons. I suppose you pessimists in Atlanta still think we are on the losing side. Forget it! We are going to win, and win big. Of course, there is to be another big winter's campaign, and I am looking forward to all sorts of things, such as frost bite, etc.

I am a first lieutenant now and am expecting the local rank of captain, and second in command of the divisional cavalry, which is to be mostly cyclists and armored cars. That reminds me—the armored car came in the other day all blood and brains, with bits of body all over it.

They had gone out in the morning,

that allow for a wife and child. But don't do anything until spring. Get the winter over, for believe me, it is rotten.

Any papers or maps would be welcomed here by the boys. I don't know if our friends have any to spare—but don't send any until you hear from me again, as I may be shifted to a \_\_\_\_\_.

Give my very best wishes to everyone. Would love to write to them all.

CAPTAIN W F CLARKE

and on returning by the same road had found a German battalion with arms piled. They did not retire but came forward the four machine guns blazing out on both sides and dished up leaving little or nothing of the battalion.

"Thank God, one thousand less murderers!"  
Of course, you don't hear much news in America, do you?  
We have got over forty submarines and we have spread chain nets at the mouth of all rivers and across the channel. You will get some good news soon.

You'd do better here if you had a commission for you get twelve shillings a day and then there are funds

Work of installing the proposed camp will begin as soon as the government expert reaches the city. The site is on Powers ferry road, near Cross Roads church in the neighborhood of forty convicts will be installed in the camp when it is completed.

**Boils and Pimples Dangerous  
S. S. S. Your Remedy**  
Standard For Fifty Years.

Modern science has proven that boils and carbuncles, pimples and unsightly skin blotches, are the danger signals of diseased blood. Scaly skin and itching of Eczema, Scrofula, rashes—all skin diseases are aggravated by bad blood—it's the infected blood that's dangerous. Don't wait for the boils. If you have pimples and blotches, take instant action. Pimples tell you that your blood is filled with impurities. You must wash out your blood, strengthen and stimulate it to healthy action with Nature's own blood tonic, S. S. S. It is the standard blood purifier of the world. Don't use any drugs, don't use ointments and salves. S. S. S. reaches the blood, drives out the impurities. It makes healthy perspiration—the poison is literally sweated out through the skin. Boils, blotches, Eczema and the Scrofula indications disappear. It does what salves and lotions can never do—it goes to the very root of the trouble by reaching the blood. Your skin becomes clean, and you soon feel the vigor of the return of perfect health. S. S. S. is purely vegetable. You can get it at any druggist's, but you must take S. S. S. Let us tell you about blood diseases. Write for book of facts, "What the Mirror Tells." If yours is a long standing case, write for expert advice to S. S. S. Co., Atlanta, Ga.

# Much Interest Shown In Forsyth Reopening Next Monday Afternoon

Vaudeville at the Forsyth theater, which re-opens next Monday, bids fair to be more popular than ever with Atlanta theatergoers.

Already the seat sale is going forward at a rate which indicates that the public anticipates the re-opening with keen interest. Practically all the regular patrons who reserved season seats in the past have renewed their reservations, and in addition there have been quite a large number of new season reservations.

The bill next week will be fully in keeping with the interest that attaches to the re-opening, and there is every prospect that the usual big audience Monday night will be followed by a capacity house every night.

George Hickman the new manager of the Forsyth is highly pleased with the advance sale and the many evidences of interest in the re-opening. Horace Herring, former assistant treasurer of the Forsyth, will be treasurer under Mr. Hickman's management and will have charge of the ticket sale in the box office.

Jack Mathieson will be back in his accustomed place as director of the orchestra, with the same musicians.

# KELLY WILL FIGHT MISSOURI EXTRADITION

An extradition warrant issued by Governor Harris in honor of the state of Missouri yesterday morning, cut short the freedom of James F. Kelly as he stepped out of the federal prison upon the expiration of a nineteen month sentence.

The warrant was served by Deputy Sheriff Lee Haywood, Sheriff G. E. Gelvin and Judge D. C. Stillard of Fulton county. Kelly was held in the Fulton county jail and will be held in the county jail until he is removed to the Missouri state prison.

He instituted habeas corpus proceedings in the Fulton courts, and will vigorously resist extradition.

**PLAN FOR RELIEF  
FOR DRUG-USERS  
TO BE DISCUSSED**  
Plans for treatment of the 2,000 narcotic habitues discovered in the city through the present federal investigation will be discussed at a called meeting of the Fulton County Medical association, in the Chamber of Commerce building this evening at 8 o'clock. At this conference there will be present, besides physicians, representatives of the city government, the superintendent of the Grady hospital and government officials.

It is clear to those making investigations that something must be done to properly relieve addicts since drugs cannot be obtained at will under the operation of the Harrison narcotic act. Government experts state that if the tapering-off process of fluids and moderate users is scientifically supervised the habitual doper will soon be a thing of the past, now that dishonorable physicians have been placed on their guard peddling has been practically cut short and the druggists have been warned against indiscriminate honoring of prescriptions.

Those who will address the conference will be United States District Attorney Hooper, Alexander Revenue Collector A. O. Blalock, W. B. Summers, all of the Grady hospital, Revenue Agent Daniel J. Ganit, City Chemist Claude A. Smith, City Health Officer J. P. Kennedy and Claude Ashlet, chairman of the city sanitary committee.

The government officials who have brought the free sale of dope to the point of extermination in the city say that they are in full sympathy with the many unfortunate who would suffer should their supply be abruptly cut off. It is their intention to provide a graded treatment until such a time as

# SCOTT PERRY BLANKS LOOKOUTS

## Perry Blanks Lookouts While Team Mates Pound Rube Marshall Fiercely

By Carl Taylor.

Rube Marshall, who is to become a team mate of Tyrus Raymond at the expiration of the Southern league season, did not prove at all puzzling to the Crackers in the opening game of the series yesterday at Poncey. A total of twelve hits, for seven runs, were amassed during the melee, while the Lookouts could only get a man as far as third base which is to say, the Crackers took the first game, 7 to 0.

Scott Perry was in good form and caught a high pop off the bat of hitting Rumber caught the ball right at the edge of the stand, while running at full speed in the final space. Lee ran the foul line and caught a liner off Daveny's bat.

Clarence of the bog score of the game will show that the Cracker outfield did the major portion of the defense. Of the twenty-seven putouts, the outfield trio got sixteen. Lee nailed eight men, Moran six and Matthews two. The local infield made only six mistakes during the game, two of which were made in the first inning. McDonald was the only man that didn't have a chance of any kind in the field.

Evidently the two-game rest that Otto Williams was forced to take Saturday did this worthy good, for in five trips to the plate he got three hits and a sacrifice. One of his hits was a double. He also handled four chances without a boggle in the field.

Both sides came out in regular order in the first inning, although each got a man to first. Pretty double plays by both sides made this possible.

With two men down, Matthews singled to center and scored on Ryan's triple. The Cracker's strike to center counted Bill.

## PAIRINGS ARE MADE FOR TENNIS TITLE

Drawings Show Leading Stars Well Separated—Sixty-Four Pairs Drawn.

New York, August 23.—The leading tennis players of the country are well separated in the drawings for the national championships as announced here tonight. The list of 128 entrants for the titular tournament, which begins Monday, the tournament will close September 7. The final singles round will be played on Labor day, according to the drawing, but one entire day will be devoted to the doubles title play, thus adding an additional session to the tournament.

Maurice E. McLoughlin and R. Norman Williams II, respectively, one and two in the national ranking, are widely separated and, playing according to form, should reach the semi-finals, thus adding to the excitement of the early days of the play. In the upper division of the draw, the Williams are Clarence C. and William M. Johnston, of California, while the east is well represented by Kay Behr, Wallace Johnson and P. H. Hackett in addition to the champion.

The best of the recent experts are in agreement that the low end of eastern stars predominates. At Niles, George Church, W. M. Washburn, Dean Murray and Edw. F. Postrell will not play for the Pacific coast.

Monday Saturday, September 4, or the lower half the names of eastern stars, predominates. At Niles, George Church, W. M. Washburn, Dean Murray and Edw. F. Postrell will not play for the Pacific coast.

### HUNDREDS MAROONED IN NEWPORT HOTELS

#### Flood Drives People of Arkansas Town From Their Homes.

Little Rock, Ark., August 22.—A large proportion of the inhabitants of Newport, Ark., a town of 5,000 persons, are marooned in the two principal hotels and the courthouse there, according to a telephone message received here late today.

From 5 to 12 feet of water is over the entire town, as the result of the levee's breaking about the town early today.

Two white boys were drowned today in the flood waters near Newport, bringing the death list in the White river flood to eight.

Two steamboats continued running today through the oil trough bottoms, rescuing people in danger from the flood waters in that section.

The White river at Newport has come nearly to a stand late today, and is expected to begin falling tomorrow.

**NO CORPSES FOUND WHEN FLOOD RECEDES.**

St. Louis, August 22.—The receding of the Meramec river flood today failed to substantiate reports that twelve persons were drowned Sunday when the river rose to a new high mark. It is believed now that none perished in the overflow.

It is impossible to estimate accurately the property damage from the floods of the Meramec, Gasconade and other Ozark mountain streams, but a large area of bottom land in eastern and southeastern Missouri is under water; hundreds of summer dwellers were driven from their cottages, tents and cottages along the streams, and the greater part of the town of Valley Park, 15 miles from St. Louis, is inundated.

Thirty-five hundred persons in Valley Park were made homeless Sunday and today are seeking a new place to appeal to Governor Major for aid.

The meat consumption of England is 115 pounds per capita annually.

### How you can get rid of eczema with Resinol

Resinol Ointment, with Resinol Soap, usually stops itching instantly. It quickly and easily heals the most distressing cases of eczema, rash or other tormenting skin or scalp eruption, and clears away pimples, blackheads, redness, roughness and dandruff, even when other treatments have proven useless.

Physicians have prescribed the Resinol treatment for 20 years, for most forms of skin troubles, and for sunburn, wounds, chafing, etc. Every drug store sells Resinol Ointment and Resinol Soap. For trial free, write to Dept. 12-S, Resinol, Baltimore, Md.

### GILLESPIE IS HELD WITHOUT BOND FOR THE DEATH OF NEGRO

A. D. Gillespie, aged 33, of 55 Burns street, shot and killed a negro workman, Fred Drummond, at the Ponce de Leon ball park Monday morning, where the former is manager of the grounds. Gillespie was held to the grand jury without bond in Recorder Johnson's court Monday afternoon.

According to witnesses at the shooting, Gillespie had ordered the negro to do some work at the park which he refused to do. He then stated that Drummond cursed Gillespie and threw rocks at him.

Gillespie stated that he had asked the negro to do some work, which was the duty to perform, and the black told him that he would not do it. He then ordered him of the park grounds, and the negro, when attacked with rocks, shot him.

Call officers Arnold and Pain arrested Gillespie.

### Forged Prescriptions To Secure Narcotics, Say Federal Officers

Charged with the forging prescriptions to secure narcotics, Joseph Smith and Frank Walker were arrested yesterday by United States Deputy Marshal Lester Whately at the entrance of United States Commissioner Carter, who is enjoying a brief vacation, Commissioner B. G. Gentry, and their preliminary hearings will be held Tuesday morning.

Government officials said that through the carelessness of some physicians the defendants procured the proper prescription blanks, which they filled out themselves and took to a local drug store, where they were honored. Joseph Smith is now under a personal bond of \$100 pending investigation for a former alleged infraction of the Harrison act.

"Druggists are taking a long shot in honoring such prescriptions," said Dr. Prosenberger, "as the law considers that they are acquiescing with the signature of the prescribing physician."

### GINSBERG IS ARRESTED ON CHARGE OF CHEATING

Abe Ginsberg, proprietor of the Royal Moving picture theater on Decatur street, was arrested Monday night by Detective J. R. Black, charged with cheating and swindling. Another A. Ginsberg, proprietor of a Decatur street pawn shop, and with swindling Mrs. Williams, proprietress of the boarding house at 172 Central avenue at which Abe Ginsberg lives.

According to Mrs. Williams, she and Ginsberg have about \$400 which he had not paid back. He is being held under a \$500 bond, pending trial before Recorder Johnson Tuesday afternoon.

### AUTOISTS TO BE TRIED BY RECORDER TUESDAY

As Monday is the busiest day on the calendar for Recorder Johnson, he did not have a chance to try the fifteen alleged violators of automobile laws yesterday afternoon. He will do so this afternoon and, in addition, four others who were arrested Monday.

Those who were caught by special motorcycle officers Monday were E. Mion, of 367 Spring street; E. H. Maddox, of 201 Whitehall street; F. L. Jones, of 266 Grand avenue, and Glen Parker, of 121 Simpson street.

All four arrested Monday are charged with violating the muffler cut-out ordinance.

### OFFICER EXONERATED FOR KILLING NEGRO

Augusta, Ga., August 22.—(Special.) Police Officer Arthur Williamson, who shot and killed George Brooks, colored, Saturday night, was exonerated by a coroner's jury yesterday. It was shown that the negro was resisting arrest. The black, with four others, was told to move on by the officer. Two moved, but three did not stir. Being again warned that if he would not move on the officer would arrest him, Brooks still refused Williamson attempted to arrest the black, when the three jumped on him and the officer was thrown to the ground. Then he fired, killing Brooks.

### Walsh Would Have Government Seize All Colossal Fortunes

CONGRESSMAN WALSH. MRS. J. BORDEN HARRIMAN.

The commission on industrial relations, after two years of work, has been unable to agree on any program of social legislation to be submitted to congress. The life of the commission expires on August 23. Two reports have been prepared—a majority report signed by the three representatives of capital and by Professor John R. Commons and Mrs. J. Borden Harriman and a minority report signed by Chairman Frank P. Walsh and the three representatives of labor. In a statement Harris Weinstein, of San Francisco, an employee member of the committee, said the members found themselves to be unalterably divided on social questions and that two reports was the only solution of the deadlock. One of the rocks on which the commission was hopelessly split was a recommendation in the report drafted by Chief of Staff Basil M. Manley and fostered by Chairman Walsh that congress enact laws confiscating, upon inheritance, all great fortunes in excess of \$1,000,000. In other words, Mr. Walsh and the three labor members of the commission proposed to forbid heirs of wealthy Americans from inheriting more than \$1,000,000 from any one estate. All in excess would go to the federal government. Professor Commons, Mrs. Harriman and the three members of the commission representing employers, refused to give serious consideration to such a proposal.

### FOR BATHS AND LIBERTY GERMAN PRISONERS CRY

They Also Want Gardens—Baron Constant Describes Prison Camps in France.

Paris, August 22.—Baron d'Estournelles de Constant, who has been visiting the camps of German prisoners at Belle Isle, in writing for The Temps a description of what he saw, declares that every officer has an orderly who blacks his boots, brushes his clothes and does his washing or has it done. All the officers wear spotless linen and are freshly shaven. They observe discipline themselves a most correct discipline.

Baron d'Estournelles, in talking with soldiers who complained of their treatment, said quite freely, but that guards were necessary. "That is not withstanding the conditions," said one. "It is to our good health and our German temperament that we owe being as we are."

Another added: "And our discipline I arise every morning at six and take my exercise in the open air."

"But, after all, what is it you lack?" asked Baron d'Estournelles. "And I'll try and get it for you."

All the men in the group exclaimed, "Baths, gardens, liberty!"

"They were permitted to wander about quite freely, but that guards were necessary."

"Do you mean to say," demanded Baron d'Estournelles, "that French prisoners in Germany are better treated than you are here?"

The reply was a chorus of "Certainly!"

The baron describes the kitchens where giant Pomeranians and Westphalian ducks and chickens are raised who conduct themselves like artists among their pupils. Every one seems to enjoy the French-Geant cooking. The food provided is of good quality and there is considerable variety. Dinner consists usually of four courses.

Visitors, the baron says, are welcome at the camps. Representatives of the United States embassy call frequently and other visitors include Red Cross agents, clergymen who are citizens of neutral countries and representatives of various charities.

The prisoners have magazines and wicker chairs are provided for their use when the weather is sunny. There also is an improvised gymnasium and musical instruments.

The prisoners complain, however, that they are compelled to sleep twelve in a dormitory.

### READY TO BEGIN WORK ON WARSHIP CALIFORNIA

New York, August 22.—The keel of the battleship California will be laid in the New York navy yard on September 10, it was announced today. The California will be the first fighting craft in any navy to be equipped with electric engines for her own propulsion, although such engines have been thoroughly tested in their use by the collier Jupiter.

Material for the construction of the California has been accumulating in the shipyard for several months and about 15,000,000 pounds of steel ready to be used in the building of the ship. In most respects, other than the engines, the California will resemble the battleship Arizona, but will have a tonnage of 32,000 as compared to the Arizona's 31,000.

### ABRAHAM RUEF LEAVES SAN QUENTIN PRISON

San Francisco, August 22.—The gates of San Quentin prison were opened today to Abraham Ruef, who was paroled Saturday, after having served four years, five months and fifteen days in the state prison for offering a bribe to a supervisor of this city.

Ruef left the former political leader motored to the prison today to accompany him to Honduras county, where he will remain for three months before returning to his home here.

After Ruef left the penitentiary after serving four years five months and fifteen days he was the only one indicted in the San Francisco graft scandal to serve time in a state prison to enter the real estate business. His fortune is estimated at \$450,000.

### GALVESTON STILL LACKS SUPPLY OF FRESH WATER

Galveston, Texas, August 22.—Divers late today discovered that a section of the submarine cable which runs to the bay from the mainland, 500 feet in length, was carried away in the recent hurricane. This will occasion a slight further delay in supplying the city with fresh water through the main.

Reckless boys have been seen to cut the city pipes, have been filled with water, and each day adds to the inconvenience and danger from uncleaned sewers.

### DEPUTIES ARE CALLED TO CHECK STRIKERS

Pittsburg, Pa., August 22.—Deputy sheriffs were called out today to protect the property of the West Penn coal company as a result of violence growing out of the strike of employees on the Allegheny division. About a dozen deputies were stationed, twelve deputies were detailed to patrol the districts between the boroughs of Tarantum, Breckenridge and Natrona.

Cars ran at intervals today, but service was suspended at dark.

### Child Killed at Game.

Pittsburg, August 22.—Edward Scardis, aged 4, was killed yesterday while watching a baseball game when struck over the head by a bat which had been in the hands of Charles Kleber, aged 35. Kleber is being held by the police.

### A. F. Leonhardt Dead.

New Orleans, August 22.—A. F. Leonhardt, formerly president of the New Orleans Board of Trade, and in recent years postmaster here, died suddenly today in Denver, Colo. Mr. Leonhardt was 54 years old.

### THREE BLIND TIGERS HAD ENOUGH WHISKY TO START BARROOM

Three blind tigers were captured by Officers Gorman, Allen and Carter Saturday night, and enough whiskey of all kinds and descriptions confiscated to stock an amateur barroom.

Frank Worthy, Baby Brown and Henrietta Morris, all three ebony-hued, were arraigned before Recorder Johnson in police matinee Monday afternoon as the "tigers." The first was fined \$25.75 and the other two \$15.75 apiece.

### Medical Inspection Of School Children Draws Large Crowds

Crowds of school children poured into the four buildings where the first medical inspections were conducted yesterday under the new program of the health department and literally swamped the physicians and nurses in attendance.

The responsiveness of the parents and children to the new program of reorganized health inspection department was highly gratifying to Dr. W. N. Atkins, the chief inspector.

The schools which were neighborhood headquarters Monday were Williams street, Oakland City, Highland and Georgia avenue schools. The schools at which the examining physicians and nurses will be stationed Tuesday are Ivy street, George W. Adair, Greenwood avenue and Ira street.

### APARTMENT HOUSES

Judiciously constructed and properly located they pay well. Do not buy too expensive a site, but be sure to have plenty of street frontage. Back-end apartments do not rent well.

We offer a site at the junction of Euclid and Lake avenues, in Inman Park. It has 200 feet frontage on each street and is about 140 feet across. We can sell this site for \$5,000; ground floor space for eight apartments; only \$25 a foot for double street frontage.

It would be hard to find a place better suited for a family apartment home.
