

Marion Jackson Blamed For Attitude of Beavers Toward the Police Board

Outside Interference Has Hampered Commission and Has Kept Chief in Hot Water, Asserts Mayor Jas. G. Woodward.

"EFFICIENCY OF POLICE DESTROYED AS RESULT OF THIS INTERFERENCE"

"Beavers Has Been Warned Up Into Such a Frame of Mind That He Does Not Regard Anyone as Superior in Authority."

Mayor James G. Woodward Friday further enlightened his row with Police Chief James L. Beavers by volunteering a statement to the effect that outside interference has destroyed the efficiency of the police force of Atlanta, and is responsible for the difference on the part of the chief in carrying out the orders of the police board.

Mayor Woodward said that the outside interference he referred to came from Marion Jackson, chairman of the executive committee of the Men and Religion Forward Movement.

"It makes no difference what Beavers might do to injure the department," Mayor Woodward said, "he gets backed up by Marion Jackson and his organization, regardless of what the facts in the case may be."

"This outside interference has hampered the board, and it has been the cause of most of Beavers' trouble. It has kept the chief in hot water following such advice as has been handed out to him, and he has been warned up into such a frame of mind that he does not regard anyone superior to him in authority, and does not feel himself subservient to any orders from outside sources."

Mayor Woodward made the above statement while discussing the action of the council finance committee, in passing up a resolution introduced by Alderman James W. Maddox urging that the salary vouchers of eleven members of the chief's "vice squad" be held up.

Mayor Woodward's ire was aroused over "Men and Religion Bulletin No. 147," under the caption, "To Stop Crime—Obey Law," in which several resolutions are made to which the mayor took exception reads as follows:

"Respectfully, we again petition the mayor and council to untie the hands of the police force. Release the license of every hotel, club and place where the law is being violated. The possession of a United States revenue license is prima facie evidence of guilt."

Mayor Woodward strongly denounced the above paragraph. He declared that council has not tied the hands of the police force, and charged that the hands of the police force, if tied at all, are tied because the men are not in sympathy with the chief.

"During the many months that I was chairman of the police board," said the mayor, "we gave Chief Beavers absolute authority. He has been allowed to attempt to dictate to the chief as far as I know, but when the board found room for improvement, the members did not deem it necessary to ask the chief for his advice."

"There are no more beer saloons and locker clubs in Atlanta today than there were last year. Some new permits have been issued, and a lot of old permits have ceased to operate. So it can't be said that because council has passed up these permits Chief Beavers has been harassed or that his hands have been tied."

Mayor Woodward said that Chief Beavers called him up at his private office in the Empire building one day last week and asked for advice as to what he should do about the plain-clothes squad.

"I told him then and there that there was no need for me to give him advice because in the past he has seen fit to do only such things as I have pleased to do, regardless of any advice, members of the police board included."

Conversation Distorted. Mayor Woodward said that his conversation with Beavers over the plain-clothes on Thursday was distorted. He explained that he called up the chief to talk about some matter connected with the plain-clothes squad.

200 PRESS DOWN SAWDUST AISLES AT BIG REVIVAL

First Invitation for Converts at Chapman-Alexander Series Meets With Unprecedented Success.

"REAP WHAT YOU SOW" IS THEME OF SERMON

Seventy-Five New Converts to Church Obtained—Many Church Members Pledge Better Lives.

At the powerful call for repentance that came from a vast audience by Dr. Wilbur Chapman Friday night, two hundred people pressed forward down the sawdust aisles of the revival auditorium and gave their hands to the evangelist, pledging themselves to lead new lives.

Coming at the close of one of the most forceful sermons Atlanta has ever heard, the theme being, "As You Sow, So Shall You Reap," the invitation of Dr. Chapman and the unprecedented response which he received from the people of Atlanta formed a dramatic climax indeed to the first week of the Chapman-Alexander series. Friday night's meeting was the last one of the week, Saturday being "rest day" with the revivalists, and the next meeting being Sunday afternoon at 3 o'clock.

For the entire week Dr. Chapman had been preaching sermons that were preparatory to the great address of Friday night which ended in his mighty call for converts. Summoning all the energy of his body and soul he painted a powerful word-picture of the real life of the sinner, and the eternal punishment that is the harvest of sin and held it vivid before his audience to pierce their hearts and cause them to repent.

Repentance Surge Around Pulpit. Like a magnetic invitation seemed to work upon the audience, bringing men, women and children forward at the preacher's call. It was the first invitation for converts issued by Dr. Chapman since the series began, an average of three or four being attracted at the time, only waiting the evangelist's word to come forward and profess their repentance. He so eloquently urged repentance that the audience was pushed down the aisles, the crowds surged around the pulpit in the effort to reach the evangelist and grasp his hand. Tears were streaming down all faces, and many others bore the signs of deep feeling.

Quite a number cleared the first three rows of the auditorium by assisting those seated to step to the side aisles, while those who had come forward at the invitation were asked to take seats in the front rows. In a few minutes it became necessary to clear three additional rows, as the choir turned to "Nearer, My God, to Thee" and converts continued to come forward.

Like a magnet, the front rows were church members who were moved by Dr. Chapman's appeal to renew their vows and pledge themselves to live better in the future than they had in the past. Many others, however, were new converts. A corps of ministers and personal workers, under the direction of Mr. Norton, weeded out the converts and led them to seats in the rows vacated for them, while most of those coming forward who were already church members returned to their seats.

Converts Kneel and Pray. Touching scenes took place among the converts and the personal workers who met them and talked to their souls and repentance. On the front row a young minister and a young man convert, whom he engaged in earnest conversation for a few moments, knelt to the ground and prayed, oblivious of their surroundings. Several others knelt at different times during the invocation and prayer.

The personal workers were supplied with more than 1000 leaflets, each of the converts to sign, stating that they confessed Christ as their savior and designating which church they desired to join.

Some of the converts apparently demurred to signing the cards at first, but the personal workers pleaded earnestly with them and usually obtained their signatures. One of the converts, it was ascertained, had no other work done by the personal workers. It was ascertained afterwards that about seventy-five of those coming forward were new converts, who had not previously joined any church.

Hundreds Thrust Away. The audience at the meeting Friday night was the largest of the entire series thus far, with the possible exception of the meeting on the 12th of last week, practically every seat in the house was filled. Still they came, and they came on to the rear aisles and corners of the auditorium, while several hundred people, failing to find seats, turned away without hearing the sermon.

Two special delegations were in the audience. One was headed by a young girl who had met with Mrs. Norton at the Congregational church shortly before the meeting and went in a body to hear the sermon. The other was a company of Southern railway employees, something like 100 in number.

With the closest attention the great audience listened throughout the sermon, and many of the converts, in the old, old lesson of "Sowing and Reaping," but in a new and more interesting way than ever before. He told of the duty which everyone has of reaping the greatest harvest possible from whatever gifts and capabilities they may possess. He described the pain and sorrow caused by men who

Rome's New City Hall and Auditorium Will Be Erected at Cost of \$100,000

Sketch of handsome municipal building, planned by A. Ten Eyck Brown, an Atlanta architect.

The city council of Rome, Ga., will soon erect a handsome \$100,000 municipal building. The building committee, composed of T. B. Broach, Phillip Muller and W. L. Daniel, Thursday selected A. Ten Eyck Brown, well-known architect of Atlanta, to prepare the plans. The Rome municipal building, according to Mr. Brown, is to be one of the finest of its kind in the state. The building is to be of partly reinforced concrete and partly steel construction, and will be fireproof. The outside finish will be of granite, gray brick and concrete corices, creating a massive stone appearance. The new municipal building is to combine all the principal departments of the city government. In the basement will be housed the motorized fire department of Rome, Ga., and the police barracks, with cells for prisoners. The first floor will be the offices of the city officials, the police court and an auditorium capable of seating 1,500 people, which will be used for large public gatherings and theatricals. This auditorium is to be equipped with a spacious and modern playhouse stage. The second floor will hold the city council chamber, which will have a gallery that will seat about 700 people. This chamber will be used for small public gatherings. The other part of the second story will compose a large balcony to the auditorium. The municipal building is to be located at the corner of Broad and Sixth streets, two of the principal streets of Rome. The building will face Broad. This site is just one block from the Forrest hotel, the plans for which were also prepared by Mr. Brown.

England to Declare Food Contraband; To Hold Wilhelmina For Prize Court; Hoisting of Neutral Flags Defended

Obligation Rests With Warship to Find Out Merchantman's Nationality, Says England's Reply to United States.

London, February 19.—The British foreign office this evening issued a note in reply to the representation of the United States government concerning the use of the American flag by British vessels.

The note says that the Canadian life steamer Lusitania, on her recent voyage from New York to Liverpool, raised the American flag "to save the lives of non-combatants, crew and passengers." It adds that in spite of the fact that American passengers embarking on the Lusitania on her outward voyage for New York asked that the American flag be hoisted "the British government did not give any advice to the company" as to how to meet this request, and it is understood that the Lusitania left Liverpool under the British flag.

After discussing the Lusitania incident the memorandum says: "The British government has no intention of advising merchant shipping to use foreign flags as a general practice, but to them, otherwise than for escaping capture or destruction."

In conclusion the statement says: "The obligation on a belligerent warship to ascertain definitely for itself the nationality and character of a merchant vessel before capturing it and a fortiori (stronger reason) before sinking and destroying it has been universally recognized. If that obligation is held to exist, it is equally incumbent upon the government giving orders that it should be disregarded that the full responsibility for injury to neutrals ought to rest."

Text of the Reply. The following is the text of the reply of Great Britain to the American as handed to Walter Hines Page, the American ambassador, today: "When the note was not paid Thursday, Colonel Brewster, whose name appeared on the note as indorser, was notified, Colonel Brewster immediately appeared at the bank and notified Captain James W. English, president of the bank, and Charles Ryan, cashier, that the signature was forged. He furnished an affidavit to this effect, and a warrant for Neese's arrest was secured."

Detective Sturdivant was sent to Fairburn with the warrant. When he presented the warrant to the town marshal, Neese was standing only about twenty paces away from the bank. He has been an acquaintance of Colonel Brewster for some time. Neese is a member of one of the leading families of Campbell county. He will be given a preliminary hearing this morning before Judge Thomas.

BERLIN REPORT ADMITS LOSS OF TWO ZEPPELIN AIRSHIPS. London, February 20.—(12:59 a. m.)—A wireless dispatch received here from Berlin admits the loss of the Zeppelin airship L-4 in the same storm that destroyed Zeppelin L-3 off Jutland.

Paris, February 19.—The following official statement was issued tonight: "Two Zeppelins have landed in Jutland during the last three days. The first of these, the L-3, was burned by its crew. The second, after a number of soldiers who were aboard had disembarked, rose and drifted toward the sea, where it is supposed to have been lost."

Arrested as Forger, Young Man Asserts Drink Is to Blame

M. M. Neese, Real Estate Man, Is Charged With Forging Name of Col. P. H. Brewster to a Check for \$1,950.

Denouncing drink as the cause of his trouble, and calling himself a "fool," M. M. Neese, aged 34, a well-known real estate dealer of Fairburn, Ga., was locked behind the bars in a cell of the Fulton county Tower last night on a charge of forgery.

When arrested Friday by City Detective Sturdivant and the town marshal at Fairburn, he said that he had been on a drunk for six days.

A warrant from the municipal court of Atlanta charges Neese with forging the name of Colonel Pen H. Brewster, a prominent Atlanta attorney, to a sixty-day note for \$1,950, payable to the Fourth National bank of Atlanta. The note was made December 18.

When the note was not paid Thursday, Colonel Brewster, whose name appeared on the note as indorser, was notified, Colonel Brewster immediately appeared at the bank and notified Captain James W. English, president of the bank, and Charles Ryan, cashier, that the signature was forged. He furnished an affidavit to this effect, and a warrant for Neese's arrest was secured.

Detective Sturdivant was sent to Fairburn with the warrant. When he presented the warrant to the town marshal, Neese was standing only about twenty paces away from the bank. AUTO ACCIDENT FATAL TO ONE; INJURES TWO. Raleigh, N. C., February 19.—The condition of Emmett R. Wooten, speaker of the North Carolina house of representatives, who, with Senator Johnson, was injured in an automobile accident, in which William Aycock, engrossing clerk of the senate, was killed early today, was said to be satisfactory at noon today. He is suffering from several broken ribs and shock. He will recover.

The accident in which the men injured happened near the Country club, about two miles from the city. They were returning from the club about 12:30 o'clock this morning, when the automobile skidded and was overturned. Aycock was pinned under the car. The other occupants were thrown clear of the wreck. Senator Johnson was only slightly injured.

Claiming Germany Has Violated International Law by Methods of Warfare, Sir Edward Grey Threatens Reprisals.

London, February 19.—Sir Edward Grey, the foreign secretary, announced today that the British government had decided that the American steamer Wilhelmina's food cargo should be held for a prize court.

This declaration appears to make clear Great Britain's purpose to declare all foodstuffs for Germany contraband as well as to forestead other reprisals. The foreign minister, after reviewing the German methods of warfare and denouncing them as violations of all international usages, says: "If, therefore, his majesty's government should hereafter feel constrained to declare foodstuffs absolute contraband or to take other measures for interfering with German trade by way of reprisals, they confidently expect that such action will not be challenged on the part of neutral states by appeals to laws and usages of war whose validity rests on that system of international doctrine, which, as a whole, their enemy frankly boasts the intention to disregard, so long as such neutral states cannot compel the German government to abandon methods of warfare which have not in recent history been regarded as having the sanction of either law or humanity."

Text of Wilhelmina Note. Great Britain's reply to the American note on the Wilhelmina cases, handed today to Walter Hines Page, the American ambassador, reads: "Some communications made by the United States ambassador in his note to Sir Edward Grey, of the 16th instant, has been carefully considered and the following observations are offered in reply: "At the time when his majesty's government gave directions for the seizure of the cargo of the steamship Wilhelmina as contraband, they had before them the text of a decree made by the German federal council on the 25th of January, under article 45, of which all grain and flour imported into Germany after the 31st of January was declared contraband, and that certain organizations under direct government control or to municipal authorities. The vessel was bound for Hamburg, one of the free cities of the German empire, the government of which is vested in the municipality. This was one of the reasons actuating his majesty's government in deciding to bring the cargo of the Wilhelmina before a prize court. "Information has only now reached them that by a subsequent decree dated the sixth of February the above provision in article 45 of the previous decree was restricted only to certain of the express purpose of rendering difficult the anticipated proceedings against the Wilhelmina. The repeal was not known to his majesty's government at the time of the detention of the cargo, or indeed until now. How far the ostensible exception of importation of supplies from the general government monopoly of all grain and flour set up by the German government may affect the question of the contraband nature of the shipments seized, is a matter which will most suitably be investigated by the prize court. "Other Reasons for Action. "It is, however, necessary to state that the German decree is not the only ground on which the submission of the cargo of the Wilhelmina to the prize court is justified. The German government have in public announcements claimed to treat practically every town or port on the English east coast as a fortified place and base of operations. On the strength of this contention they have subjected to bombardment the open towns of Yarmouth, Scarborough and Whitby among oth-

Menace to Neutral Ships By Kaiser's Zone Policy Is Considered by Cabinet

GERMANS TORPEDO 2 STEAMERS, BUT BOTH REACH PORT

Norwegian Tank Steamer Attacked by Submarine Off Folkstone—French Steamer Is Struck Off Dieppe.

GERMAN ARMY TAKES TOWN OF TAUROGGEN; CHECKED ELSEWHERE

Russians at Bay in the Carpathians, Where the Austrians May Soon Find Themselves in Dangerous Position.

London, February 19.—As yet Great Britain has not definitely announced her attitude toward military measures against the German submarine blockade, which so far, has resulted in the torpedoing by German submarines of two vessels—the French steamer Dinorah off Dieppe, and the Norwegian tank steamer Bridgje near Folkstone. Both vessels were damaged but reached port.

Some Danish vessels were unable to sail yesterday owing to the refusal of their crews to move them. This impediment was overcome today, however, and most of the Dutch lines also resumed their schedules under the government's insurance scheme.

Fighting in the west has consisted largely of efforts by the Germans to recover trenches lost during the allied offensive maneuvers last Tuesday and Wednesday. The Germans claim that their attacks were successful.

The German army which drove the Russians out of East Prussia has occupied the Russian town of Tauroggen on the East Prussian frontier, north of the Niemen river; but elsewhere in this region the Germans apparently have been halted by the arrival of Russian reinforcements, as for three days now the official reports have referred to the fighting as taking place in the Augustowo district and the vicinity of Plock and Slespeo, in the "light" river Vistula.

NO PROGRESS MADE IN CARPATHIANS. In the Carpathians neither side has made any progress, although the Russians announced that they have repulsed numerous Austro-German attacks.

Military men are of the opinion that the Austro-German attack which they sent the reinforcements which assisted in driving the Russians out of Bukovina and that if they are defeated in the mountain passes, they may find themselves in a difficult position.

The Russians apparently made an orderly retreat through Bukovina, although severely harassed in the snow-covered mountain passes.

A Vienna report received through Rome says reinforcements have reached the Russian front, and that a big battle is expected between Nadworna and Kolomea.

In addition to the two German airships wrecked off the Danish coast Wednesday and Thursday, it was reported today that another one has been seen in distress near Christiansand.

The government gave directions for the seizure of the cargo of the steamship Wilhelmina as contraband, they had before them the text of a decree made by the German federal council on the 25th of January, under article 45, of which all grain and flour imported into Germany after the 31st of January was declared contraband, and that certain organizations under direct government control or to municipal authorities. The vessel was bound for Hamburg, one of the free cities of the German empire, the government of which is vested in the municipality. Cabinet Members Regard Recent Developments as Extremely Serious, But Refuse to Predict What Probable Course of United States Will Be.

HIGH OFFICIALS FEAR THAT RELATIONS MAY REACH CRITICAL POINT

Administration Insists That Use of Submarines Is No Excuse for Summary Attacks on Ships Flying Neutral Flags.

Washington, February 19.—President Wilson and his cabinet discussed at length today dangers to American vessels and commerce growing out of the reiterated determination of the German government to wage a submarine and midget warfare on enemy vessels disclaiming responsibility for what may happen to neutral vessels venturing into the new sea war zones.

Canvass of cabinet officers later disclosed that the administration regarded the developments of the last few days as of grave importance. Cabinet members declined to predict what would be the course of the United States. Some pointed out that in every serious situation in international affairs, much discretion was vested in the president, and that his action necessarily would be guided by the circumstances of each case, if there were attacks on American vessels.

Officially, the United States government had not received late tonight the text of the German reply to the American note, and until it is in hand no decision will be announced as to the administration's policy.

FURTHER DISCUSSION OF CASE POSSIBLE. In the informal discussion of the reply as published in the press, cabinet members indicated that they were impressed by different aspects of the case. Some held that while the situation was serious, there was an indication in the German note of a willingness to discuss the subject further, which might, perhaps, postpone the active enforcement of the proclamation to permit an understanding to be reached about the safety of neutral vessels.

The fact that Germany had ordered her navy to use discretion and care when approaching ships flying neutral flags was viewed as indicating that the maximum of vigilance probably would be exercised by commanders of submarines to distinguish between enemy and neutral vessels. On the other hand, however, the note's declaration that Germany disclaimed all responsibility for what might happen to neutral ships either by submarine torpedoes or mines, produced apprehension among many of the cabinet members that a renewal of discussion of the relations between the United States and Germany.

NO ARBITRATION PACT BETWEEN TWO NATIONS. These officials adverted, incidentally, to the fact that there now would be less cause for anxiety if Germany had negotiated, as did Great Britain, France and Russia, treaties with the United States agreeing to submit to a commission of investigation any difficulties that may arise between them. The German ambassador here is known to have endeavored to bring about the negotiation of such a treaty, but the outbreak of the war diverted attention from it in Germany, and the state department has been looking forward to a renewal of discussion of the treaty at the earliest opportunity.

Opinions varied as to what steps

SAFE CONDUCT ASSURED BELGIAN RELIEF SHIPS

Identified by Large Banners,
Six Relief Vessels Near
the War Zone.

New York, February 19.—Safe conduct for all relief ships bearing the flag of the commission for relief in Belgium has been promised by England, France and Germany, according to an announcement made today by London W. Bates, vice chairman of the commission.

Six relief ships went today either in or approaching the war zone. These are the Waabna, from New Orleans; Great City and Myerick, from New York; the South Point, from Philadelphia; the Stratitay, from Portland, Me.; and the Washington, from Seattle.

In addition to flags and steamers bearing the words "Commission Belgian Relief, Rotterdam," each ship has banners 100 feet long, inscribed on either side and bearing the same inscription in large letters.

Washington, February 19.—American Minister Whitlock at Brussels notified the state department today that foodstuffs for distribution to the civil population of Belgium would be admitted free of duty through Antwerp, Baschen, Ghent, Liege, Vise, Lozen, Smeermans, Lanacken and Petite Lanaye. Heretofore free entry has been given only at Brussels.

Mr. Whitlock's message said "instructions will be given to the interested agents that the delivery of the shipments in question is subjected to no difficulty or delay on the part of the customs house."

"Thus for shipments entering in boats via Petit Lanaye, destined for Liege," a state department statement explained, "and for such shipments as are liable to customs formalities in the latter city, dispatch will be made under seal, without escort."

According to another report from Mr. Whitlock, the German military authorities at Brussels issued an order some time ago exempting from military requisition not only foodstuffs imported into Belgium from abroad for the civil population, but also food for beasts and cattle imported by the Belgian national relief committee.

GERMAN-AMERICANS FOR THE U. S. FIRST, SAYS BARTHOLDT

Washington, February 19.—Representative Bartholdt, of Missouri, made his farewell speech in the house today, denouncing "the newspaper war against Germany." He declared Americans of German descent "are with all other true Americans for America first, last and always," and protested against American shipments of arms to the allies.

"In our present demands against England," he said, "our only alternative is either to give in or to declare war." The threat of an embargo on arms, however, quickly would bring the mistle of the seas to terms with our war.

Portraying the "steadfast devotion of citizens of German blood to America," Mr. Bartholdt declared: "If unfortunately the United States ever again should be embroiled in war, which Heaven forbid, the Germans of this country would again loyally rally around the Stars and Stripes. The Germans of this country are for America against England, for America against Germany, for America against the world. They will never waver for one second in their allegiance to their adopted land."

Americans of German descent, he said, have been openly accused of disloyalty, and while they know that "this wanton insult emanated from English and French press agents, and they treat it with contempt, they resent that in the face of our own history the American press should have opened its columns to such calumnies."

"The war," he added, "was started by a monstrous lie, and to support it a thousand other lies had to be told. The Germans were denounced as rascals, cowards and traitors. The struggle is a warfare of falsehood against truth."

OPPOSED TO FEDERAL MANUFACTURE OF ARMS

Washington, February 19.—Secretary Garrison today told a delegation of the women's peace party, headed by Mrs. Robert M. La Follette, that he opposed to their plan for nationalization of the manufacture of armaments.

Mr. Garrison said that as different nations have unequal facilities for manufacture of arms, the result might find itself at a great disadvantage if thrust into war, unless there was private manufacturing.

"War Sure If Germany Thinks England Will Not Intervene"

—POINCARÉ TO KING GEORGE

London, February 19.—Correspondence between President Poincaré of France and King George of England just before the outbreak of the war was published here today. In a letter dated July 31 President Poincaré expressed the opinion that "war would be inevitable if Germany were convinced that the British government would not intervene."

On the other hand, he said, there would be the greatest chance for peace would remain unbroken if Germany were convinced that the British government would intervene.

"It is true," added M. Poincaré, "that our military and naval arrangements leave complete liberty to your majesty's government."

The president recalled the close friendship between the two countries and the confidence with which they had worked together for the maintenance of peace as justifying him in it.

ITALIAN WAR RIOTERS DISPERSED BY TROOPS

Rome, February 19.—Troops with fixed bayonets today dispersed several crowds favoring Italy's participation in the war, who tried to reach the chamber where parliament was in session.

The center of the city was occupied by troops and several arrests were made.

An indirect allusion to the international situation was made by Premier Salandra in an address before the chamber of deputies in commemoration of the earthquake victims.

"We keep intact," he said, "our unquenchable faith in the immortal fatherland which today more than ever, asks from her sons the profound conviction that her fate is not comprised in the narrow circle of present interest or even the life of one generation."

The premier's address was loudly applauded.

SIR ROGER TO PRESENT CASE AT CHRISTIANIA

Berlin, February 19.—(By Wireless.) Items given out today by the Overseas agency include:

"Constantinople reports that Greece, on representations made to it, has agreed to prevent movement of Russian ammunition by way of Saloniki."

"Amsterdam reports that boat service to exclude for one month from Dutch ports all British steamers which, during these days, fly neutral flags."

"The Cologne Gazette reports that Sir Roger Casement soon will go to Berlin to present his case against the British minister to Norway, M. de C. Blandy, and the Norwegian government."

An Over-Sea agency dispatch given out in Berlin February 19, said Sir Roger Casement had charged the British minister to Norway with conspiring for his death. Sir Roger is the leader of the separatist faction in Ireland, and is said to be at the present time in Germany.

DRIVEN FROM PALESTINE, 27 JEWS REACH NEW YORK

New York, February 19.—The Portsmouth, in today from Greek ports, brought twenty-seven Jews, formerly of Chicago, who said they were driven from Palestine by Turkish troops. They were among 300 refugees taken from Jaffa to Alexandria by the American cruiser Tanconic.

Rabbi Levin said all the refugees in his party had gone from the United States to Palestine within the last eleven years in connection with the Zionist movement. He himself had been living in Palestine for eleven years.

Members of the party were unanimous in asserting that not only had the Jews in Palestine been badly treated by the Turkish soldiers, but that all Christian foreigners received similar treatment. Before, during and after mobilization, the majority of Rabbi Levin's party were not working uniforms and shoes for the soldiers, they said, and were told they would receive pay for their labor "some time in the future."

No Corruption Probe.

Washington, February 19.—An attempt to reconsider the decision not to investigate charges of corruption in the last senatorial campaign in Pennsylvania, Illinois and other states, failed today by a tie vote in the senate committee which had charge of the question.

SAYS WAR DIRIGIBLES HAVE PROVED FAILURE

Washington, February 19.—After Secretary Walcott, of the Smithsonian institution, had reminded the house naval committee today that while Samuel P. Langley was the first man in the world to make a heavier-than-air machine fly, his country was "lost" of all in development of aviation, a resolution was reported authorizing the president to appoint an advisory committee of scientists to work on air craft development.

Secretary Walcott said the dirigibles he, they will be used for mail carrying where there are no railroads, where there are no bridges and where mountain ranges are to be crossed. I believe we eventually will have cheap fliers, just as we have cheap automobiles.

RUSS DEFEAT SEVERE, CLAIMS BERLIN REPORT

Berlin, February 19.—(By Wireless.) Further details of the German victory of the Masurian lakes, East Prussia, make it apparent that the Russian defeat was a severe one. Military officials have doubt whether much remains of about five Russian army corps, which were engaged.

While the Russians quickly retreated some artillery through quick retreat, it seems certain, army men say, that at least 150,000 Russian troops are no longer to be reckoned with by the German armies.

The clearing of the Austrian crown land of Bukowina of the invaders also is taken by German officials to mean a Russian defeat on their other extreme wing.

SAVED FROM GALLOWS, HE DASHED FOR LIBERTY AND WAS SHOT TO DEATH

Ottawa, February 19.—News of an unusual tragedy in northwest Canada reached here tonight. Romolo Casari, under sentence to be hanged at White Horse, Yukon Territory, for murder, attempted to escape and was killed by a constable who was guarding him.

A few minutes before this occurred a telegram from the Canadian minister of justice had reached White Horse directing the authorities not to proceed with the execution as the government had decided Casari was insane. The sheriff was on the way to convey the news to Casari when he made his fatal dash for liberty.

CHAMBERLIN-JOHNSON-DUBOSE COMPANY Atlanta—New York—Paris

Opening a New Season of "Pretty Clothes" for Girls and Misses

---In the Junior Department, Third Floor

New things have full possession of the Junior Department. And they make it about as bright and interesting a spot as could be found in a day's search.

The New Coats--The New Dresses--The New Hats

that we've gathered for the young folk show the smartness of the moment's style. Everything seems so fitting for the children and young women. There's a freshness and novelty about the styles that is rather hard to describe, but that a woman, a mother, sees at once as attractive for the young people. Styles are keyed to a note of becomingness.

We want both the mothers and the young people to take today to sense, through their eyes, what we can but vaguely tell of here.

We warrant it will be a pleasant and interesting time that you spend in the Junior Department.

Coats for Girls Sizes six to fourteen years \$5.75 to \$15

Clearly they are different from those we've grown accustomed to. This difference is most frequently a matter of a waist line. They have brought it very high up and very, very frequently they've marked it with a belt. Checks are favored—regulation shepherd checks, bigger checks in black and white and brown and green and white, while there are many navy and Belgian blue serges and a number of mixture weave coats in the sand shades—these are often sports coats.

Coats for Girls Sizes one to six years \$3.50 to \$12.50

Even these are distinctive from the regulation styles we know.

Serges, shepherd checks, mixtures, taifetas, moires; Empire style, belted. The little flat collars and cuffs of many are of pique or dimity.

And the new colors for them, too! Sand, Rocky Mountain blue, Russian green, battle-ship gray.

School Dresses Sizes six to fourteen years \$1 to \$5

Ginghams as bright as May day and styles—any number of them, that mothers will exclaim over.

Why, they've given the smartest little overskirt to the children this spring and they've put little velvet bands on them and they've made them Frenchy in a thousand ways. One is long-waisted; one is high-waisted; all are lovely.

Girls' Hats Sizes two to sixteen years \$1.50 to \$12.50

Inexpensive hats for school wear, smart street hats—the Tommy Atkins shape, straw turban, satin crowned, soft "pull down" hats for afternoons—ready.

A Sale of Waists

An Early and Splendid Opportunity to Save on the Waists That Every Woman Needs in the Spring

At \$1.00 Were \$1.95, \$2.25, \$2.45 and \$2.95 | At \$1.65 Were \$3.50 and \$3.95

Waists for almost every purpose. Plain shirts of handkerchief linen, of dimity, of fine white madras. Others lose their tailored severity to narrow edges and insertions of Irish crochet. Then come the waists of voiles and organdies, embroidered and trimmed with Venise edges and Cluny medallions. Low and V-necks, with and without collars. Slightly soiled from handling.

As attractive a collection as one could wish for. Values that were superb at their original prices.

Waists of plain and hand-embroidered handkerchief linens, many show tiny tucks in front and back, many show the use of hand crochet with edges and insertions; long sleeves, with embroidered cuffs and collars—finished with crochet and pearl buttons.

WAR SURE IF GERMANY THINKS ENGLAND WILL NOT INTERVENE

—POINCARÉ TO KING GEORGE

London, February 19.—Correspondence between President Poincaré of France and King George of England just before the outbreak of the war was published here today. In a letter dated July 31 President Poincaré expressed the opinion that "war would be inevitable if Germany were convinced that the British government would not intervene."

On the other hand, he said, there would be the greatest chance for peace would remain unbroken if Germany were convinced that the British government would intervene.

"It is true," added M. Poincaré, "that our military and naval arrangements leave complete liberty to your majesty's government."

The president recalled the close friendship between the two countries and the confidence with which they had worked together for the maintenance of peace as justifying him in it.

ITALIAN WAR RIOTERS DISPERSED BY TROOPS

Rome, February 19.—Troops with fixed bayonets today dispersed several crowds favoring Italy's participation in the war, who tried to reach the chamber where parliament was in session.

The center of the city was occupied by troops and several arrests were made.

An indirect allusion to the international situation was made by Premier Salandra in an address before the chamber of deputies in commemoration of the earthquake victims.

"We keep intact," he said, "our unquenchable faith in the immortal fatherland which today more than ever, asks from her sons the profound conviction that her fate is not comprised in the narrow circle of present interest or even the life of one generation."

The premier's address was loudly applauded.

SIR ROGER TO PRESENT CASE AT CHRISTIANIA

Berlin, February 19.—(By Wireless.) Items given out today by the Overseas agency include:

"Constantinople reports that Greece, on representations made to it, has agreed to prevent movement of Russian ammunition by way of Saloniki."

"Amsterdam reports that boat service to exclude for one month from Dutch ports all British steamers which, during these days, fly neutral flags."

"The Cologne Gazette reports that Sir Roger Casement soon will go to Berlin to present his case against the British minister to Norway, M. de C. Blandy, and the Norwegian government."

An Over-Sea agency dispatch given out in Berlin February 19, said Sir Roger Casement had charged the British minister to Norway with conspiring for his death. Sir Roger is the leader of the separatist faction in Ireland, and is said to be at the present time in Germany.

DRIVEN FROM PALESTINE, 27 JEWS REACH NEW YORK

New York, February 19.—The Portsmouth, in today from Greek ports, brought twenty-seven Jews, formerly of Chicago, who said they were driven from Palestine by Turkish troops. They were among 300 refugees taken from Jaffa to Alexandria by the American cruiser Tanconic.

Rabbi Levin said all the refugees in his party had gone from the United States to Palestine within the last eleven years in connection with the Zionist movement. He himself had been living in Palestine for eleven years.

Members of the party were unanimous in asserting that not only had the Jews in Palestine been badly treated by the Turkish soldiers, but that all Christian foreigners received similar treatment. Before, during and after mobilization, the majority of Rabbi Levin's party were not working uniforms and shoes for the soldiers, they said, and were told they would receive pay for their labor "some time in the future."

No Corruption Probe.

Washington, February 19.—An attempt to reconsider the decision not to investigate charges of corruption in the last senatorial campaign in Pennsylvania, Illinois and other states, failed today by a tie vote in the senate committee which had charge of the question.

To Stop Crime Obey Law

"Be ye doers of the word and not hearers only, deceiving your own selves."

—James 1:22.

The Philadelphia North American has recently said:

"VICE AND LIKE EVILS EXIST ONLY THROUGH THE TOLERANCE, OR TACIT ASSISTANCE OF THE REPUTABLE ELEMENTS OF SOCIETY."

"SOMETIMES FOR REASONS OF POLITICS, SOMETIMES FOR GREED, SOMETIMES THROUGH THE INFLUENCE OF CLASS CONSCIOUSNESS OR BUSINESS COHESION, THOSE WHOSE LIVES AND INSTINCTS OTHERWISE ARE CLEAN MAKE COMMON CAUSE WITH THOSE WHO ARE UTTERLY DEPRAVED."

Kansas, where the prohibition law is enforced, has county after county in which the jails have no inmates. Crime has decreased.

Before Council tied the hands of her Police Force by licensing saloons and barrooms, where, under the guise of locker clubs, liquor is sold, Atlanta showed a marvelous reduction of crime. Since the appearance of the law-breaking saloons and locker clubs, there has been an almost steady increase in it.

YOU CANNOT STOP CRIME BY HARASSING CHIEF BEAVERS.

No word in his defense is necessary. All Atlanta understands the situation. And men wait for the hour when an attempt will be made to try our Chief of Police for inefficiency BECAUSE HE IS TOO EFFICIENT TO LET THE UNDERWORLD RULE ATLANTA.

To get rid of him, those who believe in tolerating vice must prove by trial that he is inefficient.

HIS RECORD WILL GO DOWN IN HISTORY FOR EFFICIENCY.

With the Mayor, certain members of the Police Committee of Council, certain of the Police Commission, and now members of the Finance Committee, hampering him in his work, he has maintained the morale of Atlanta's Police Force so that our city does not have to hang her head in shame as is the case in so many cities, where the Police Force is concerned.

IN ALL KINDLINESS AND SINCERITY, WE BEG THOSE IN PUBLIC OFFICE TO CEASE "FLY-BLOWING" THE POLICE FORCE.

The last Saturday Evening Post says of the great city of Moscow since the enactment of Russia's prohibition law:

"Crime has decreased 63% and fires 60%."

"January and February of last year saw 1,200 people up each month for trial. . . . There were in September 203, and in October 140."

DR. CHAPMAN HAS RIGHTLY DESCRIBED AS "GATEWAYS TO HELL" THOSE PLACES WHERE YOUNG MEN AND GIRLS CAN BUY WHISKY, WINE AND BEER.

THE LAW FORBIDS THEM IN GEORGIA. YET IN ATLANTA PLACES WHERE LIQUOR IS BEING SOLD ARE LICENSED BY THE MAYOR AND COUNCIL.

VESTRYMEN, STEWARDS, DEACONS, ELDERS AND MEMBERS OF CHURCHES ARE MEMBERS OF ORGANIZATIONS WHERE, DAILY, ALCOHOL IS BEING BOUGHT AND SOLD IN DEFIANCE OF THE LAW.

AND CRIME IS INCREASING.

The blood of the boy shot before the door of the Owls' Club is yet crying out to God against our city.

Respectfully, we again petition the Mayor and Council to untie the hands of the Police Force. Revoke the license of every hotel, club, and place where the law is being violated. The possession of a United States revenue license is prima facie evidence of guilt.

Brothers of the Church of God! We beg you either to stop the sale of liquor in your clubs or to resign.

LET US PUT A STOP TO CRIME.

"Be ye doers of the word and not hearers only, deceiving your own selves."

MANY NEW INDUSTRIES FOR HOUSTON COUNTY

Modern Grist Mill, Electric Power Plant and Ice Factory. Farmers Plant Food Crops.

Perry, Ga., February 19.—(Special.)—W. L. Henry, who has purchased the mill property of Miss Mattie Sharpe, about four miles north of town, has associated with him J. W. Harrison, of Montezuma. They propose to develop the waterpower of the pond and erect an up-to-date flour grist mill and other manufacturing industries. In connection with the above, they propose to generate electric power, and have under consideration a proposition to furnish the power for operating the water and electric plants of the town and adjacent territory in the rural districts contiguous to the town. It is rumored they will erect an ice factory, from which to supply the town and rural districts with ice.

W. Z. Williams, of Macon, has purchased the Hale plantation several miles south of town on the H. & W. R. R., and will convert the farm of 800 acres into a stock farm. He purchased a lot of fine mules and will begin operations immediately toward developing the property.

PLANT SPECIAL SERVICES FOR THE LENTEN PERIOD

The first Sunday in Lent will be celebrated with special services at St. Philip's cathedral. Dean J. R. Atkinson will preach at the morning service on the subject, "The World of Human Progression." There will also be week-day services during the Lenten period. The program for Sunday, February 21, follows: Holy communion, 8 a. m.; communion breakfast, 9 a. m.; Bible classes, 10:00 a. m.; Holy communion and sermon, 11:00 a. m.; subject, "The World of Human Progression" (A Model of Human Perfection); confirmation class and devotions, 4:30 p. m. No evening service. Services at the theater, 7:45. Rev. W. W. Meminger, rector of All Saints' church, will conduct the services. The week-day services are arranged as follows: Daily morning prayer, 9:00 a. m.; Tuesday evening prayer, 7:30; Wednesday evening prayer and sermon, 8:00 p. m.; Thursday Holy communion, 10:30 a. m.; and evening prayer, 8 p. m.; Friday children's service, 4:00 p. m.; evening prayer and sermon, 8 p. m. The cathedral clergy may be seen after any service.

EPWORTH LEAGUERS MEET AT FITZGERALD

Fitzgerald, Ga., February 19.—(Special.)—The Epworth League conference opened at the Central M. E. church this afternoon. A number of prominent people will take part in the program and besides the addresses and sermons there will be many interesting discussions. Those to be here are Rev. A. W. Reese, conference superintendent; first department, Miss Alice Earden, superintendent; second department, Mrs. A. A. Williams, superintendent; third department, Miss Julia Johnson, superintendent; fourth department, Miss Annie Clark, conference secretary; Palmer H. Greene, conference treasurer; Miss Helen Maxwell, junior superintendent; and Mrs. A. Nunn, conference president. Aside from these a large number of pastors and visiting leaguers will be in attendance. About seventy-five delegates are expected.

ARKANSAS OFFICER LEAVES WITHOUT MEN

Macon, Ga., February 19.—(Special.)—Sheriff Pat Swain, of Lone Oak, Ark., who came here with requisition papers for James Anglin and Richard Kline Brooks, arrested in Atlanta recently, after burglarizing the Cabbage-Redding murder store, in Macon, Ga., which they took a large number of pistols left for home today without their prisoners. These men, who were arrested in Atlanta, gave the names of B. P. Martin and B. F. West, Jr. November of last year they are alleged to have blown a safe at Lone Oak and secured \$3,000 in money, making their escape in an automobile which they stole. In a secure of being picked up, they are wanted for passing bogus checks. The local authorities decline to surrender the prisoners until they have been tried on the charge of burglary pending against them here.

MAN FOUND DEAD IN BED AT SAVANNAH HOTEL

Savannah, Ga., February 19.—(Special.)—Edward S. Mullins, a wealthy retired business man, died in a room at the Desoto hotel this morning by his valet. Mr. Mullins had been in Savannah for several weeks and had been in poor health, but his death was entirely unexpected. The remains were turned over to Messrs. Fox & Weeks, and are being held pending advices from Massachusetts.

CATHOLIC CHAPEL CAR REACHES CITY TODAY

The Chapel Car, St. Paul, of the Catholic Church Extension society, of Chicago, will arrive in Atlanta today, and instead of being parked near the Union depot will be on exhibition at the Terminal station. This car will be open to inspection of the public throughout the day. It is one of three chapel cars in operation by the Catholic church; the other two belong in Texas and at the Mexican border at present being used in missionary work. The St. Paul is its way to New Orleans where it will be dedicated. The car crew will be the guests of the Marxist fathers.

Rome's Registration

Rome, Ga., February 19.—(Special.)—Registration book for the primary for commissioners of the city of Rome will close Saturday night. More than twelve hundred voters already registered, and it is expected that the registration will reach at least 500 more.

"Bundle Day" in Rome

Rome, Ga., February 19.—(Special.)—Thursday, February 25th, will be observed as "Bundle Day" in Rome. At that time, the people will contribute for the relief of the needs of the poor. The proceeds will be handed over to the special service committee of the Rome Woman's club.

MYSTERIOUS KILLING OF NEGRO PHYSICIAN

Dr. Oliver, White, Shoots Dr. Thompson, Colored, at Elberton, Ga.

Elberton, Ga., February 19.—(Special.)—In a mysterious shooting in his office at Elberton, Ga., Dr. A. S. Oliver, a physician and prominent citizen, shot and killed Dr. J. P. Thompson, a negro physician, Friday evening. No action has been taken by the police. It is said, but a statement from Oliver is awaited.

No known reason for the shooting, which took place in the Oliver building, about 6 o'clock, has been assigned. The two men were alone at the time. Oliver retired to his home and could not be reached for a statement. Thompson was a negro of considerable property. Dr. Oliver will probably make a public statement tomorrow, setting forth the facts.

SHOOTING AT VALDOSTA; R. A. WILSON WOUNDED

Valdosta, Ga., February 19.—(Special.)—R. A. Wilson, whose home is at Arabi, Ga., was probably fatally wounded in a fight at a questionable resort here early this morning. He is now in the Bellevue hospital with a bullet through his right lung and another through his face. J. C. Watts, a shoe manufacturer near Lake Park, is in jail awaiting the outcome of Wilson's wounds. Wilson was able to make a statement of the affair after being carried to the hospital, in which he said that Watts and a woman inmate of the resort robbed him, and that when he attempted to defend himself, Watts shot him. Watts' story of the affair is that when he awoke this morning, he saw Wilson going through his clothing and attempting to take his money, and that the shooting followed, when he tried to prevent the robbery. Watts gave himself up to the police when they went to the place.

FITZGERALD WANTS SOUTHERN VETERANS

Fitzgerald, Ga., February 19.—(Special.)—Commander Marcus Luke, of the U. C. V., is in receipt of several letters in response to invitations sent to Georgia division U. C. V. by the mayor, council and all the patriotic societies in the city, inviting the Georgia division, U. C. V., to meet in Fitzgerald this summer. These letters are very encouraging and it is to be hoped that the veterans will accept the hospitality of Fitzgerald. Fitzgerald wants the 1915 encampment and will do everything possible to entertain these people.

MASON HERE TO FACE CHARGE OF SHORTAGE

John R. E. Mason, the Memphis Tire manager, who is accused of shortage of \$4,000, returned in the custody of Deputy Sheriff Lee Haysgood yesterday. Mason was lodged in jail and will be held pending a hearing of the charge against him. He has engaged counsel in Attorney Joe Leavitt, and for the present declines to talk about his case.

Little Atlanta Girl To Play Role of Eva At Atlanta Next Week

Following the protests of the Daughters of the Confederacy and other organizations Walter S. Baldwin abandoned "Uncle Tom's Cabin," in name at least, for his production at the Atlanta theater next week. But the essential features of that play are to be offered in "Old Plantation Days," which is the title given for next week's offering by the Baldwin-Melville Stock company. The production in recent times has caused so much talk in Atlanta and Mr. Baldwin is taking his reputation that the play will be worth while. Despite this all the characters of Uncle Tom's Cabin are to be in the play.

Among these will be Uncle Tom, played by Hugh Gibson; Mr. St. Clare, played by William A. Sullivan; Marks, the lawyer, played by Stuart Fox; Legree, played by Early Ryder; Eva, played by little Miss Katherine Talley, an Atlanta girl; Aunt Ophelia, played by Marguerite Chaffee; Topsy, played by Lola May and Eliza, played by Maud Melville. Walter S. Baldwin is still firm in his assertion that nothing will be shown which will be objectionable to any person of the south and believes the protest to be ill-founded. However, he is equally firm in his statement that when it was thought best to change the title of his play he readily consented.

CONGRESS WORKING ON MONEY MEASURE

Settles Down to Task of Appropriating \$90,000,000 Per Day for Next Eleven Legislative Days.

Washington, February 19.—Confident with the prospect of appropriating \$90,000,000 a day for the next eleven legislative days, congressmen settled down today to hurry through the measures which will supply the billion dollars needed to run the government during the next fiscal year.

In the senate the entire day was devoted to the \$89,000,000 legislative executive and judicial appropriation bill. The house passed the estimate bill carrying \$14,000,000 and took up the diplomatic and consular measure appropriating \$4,500,000.

Beyond the naming of the house conferees, the ship-purchase bill received no attention, resting in the custody of the conference committee, where it will remain under the agreement reached yesterday in the senate until February 27. The conferees probably will not meet this week. The ship bill investigation also was at a standstill today, but the special committee will resume its hearings tomorrow.

The Local Basketball Season Ends Tonight

SCHEDULE ADOPTED BY STATE LEAGUE

The Salary Limit Boosted to \$900—League to Play Two Seasons of 50 Games Each.

By Dick Jemison. Thomasville, Ga., February 19.—(Special.)—The Georgia State League was assured for the season after a meeting of the directors of the league here this morning, the schedule being adopted, salary limit raised and other league business conducted.

It was agreed upon that the divided season of 100 games, 50 in each half, would be most practical for this league and this schedule was adopted, but with the proviso that the directors could reduce second half if the president is given notice in sufficient time. The schedule calls for the season to open on Friday, April 30, the first half of the season closing June 25; the second half starting June 28 and closing August 21. The mileage is to be prorated.

Salary Limit Raised.

The salary limit was boosted back to \$900, having been reduced to \$700 at a previous meeting. The managers' salary was fixed at \$1,000 and the highest players' salary at \$300.

Hotcombe Vice President.

W. N. Hotcombe, of Valdosta, was unanimously elected vice president of the league to serve in the event that any cases prevent President Jemison attending any meetings.

Schedule Adopted.

The schedule, as adopted, was drafted by Secretary Parker, of the Atlanta Baseball Association, who was unanimously thanked and the president delegated to thank him in person.

Yes, They Are Really Sisters And There Are More At Home

Many people who have visited the Forsyth this week, and who have pronounced the act of the Kirksmith sisters the hit of the bill, have asked the question, "Are they really sisters?" Many others, wise to the ways of the stage and of press agents, have decided in favor of the negative, believing that the title of the act was just one of the tricks of the trade.

Those who have seen the six girls off the stage, however, don't even ask the question, for their resemblance is so remarkable that there is no chance for doubt. Four look just alike, Agnes is distinguished by her long yellow tresses, and Esther has eyes like her sister, but otherwise looks less like them than any of the other five. It is rather difficult in fact for a stranger to tell which is Marguerite and which is Gertrude.

2 SMITHVILLE MEN PUT UNDER ARREST; THIRD IS LOCATED

G. W. Chance and Claude Chance Arrested on Warrants in Oliver Case—Minter Kennedy to Surrender Today.

BANKER IS BURIED IN PAUPER'S GRAVE

Commitment Trial of Three Sumter County Men, Under Arrest, Postponed Until Next Wednesday.

Leesburg, Ga., February 19.—(Special.)—Warrants were issued here today for the arrest of three Smithville, Ga., men in connection with the murder Wednesday night of A. D. Oliver, president of the Farmers' Bank and Loan Company, of Leesburg. The men named in the warrants are G. W. Chance, cashier of the Bank of Smithville; his son, Claude Chance, and Minter Kennedy.

G. W. Chance, cashier of the Bank of Smithville, was brought by the Sheriff from Smithville this afternoon, while his son, Claude Chance, who had earlier in the day resigned his position with the Macon National Bank, arrived here and surrendered. They were immediately lodged in the Lees county jail. Minter Kennedy, of Smithville, could not be located by Sheriff Moreland, while in that town, but telephoned the sheriff tonight that he will come to Leesburg Saturday morning and surrender himself.

Oliver was killed with two charges of buckshot. The authorities allege that a shotgun found near the scene of the shooting belonged to Kennedy.

Trial Postponed Until Next Week.
The preliminary trial was to have taken place this afternoon, as the first three men arrested asked for immediate trial, but it was decided to postpone the trial until next Wednesday, when it is probable all six of the prisoners will be given a preliminary hearing. Solicitor General A. R. Williams, of Americus, and City Court Solicitor J. B. Hoyle appeared for the prosecution. There is a large crowd in town

and considerable excitement over the case exists.
Lies in Pauper's Grave.
The body of Oliver was buried here this morning in a pauper's grave in the city cemetery. No trace whatever of any relative to whom the body could have been delivered was found. Many flowers were placed on the casket, gifts of prominence were given to the church and the Presbyterian church.
G. W. Chance, one of the trio accused today, is cashier of the Bank of Smithville, and is one of the most prominent citizens of that town. He is alleged to hold a \$25,000 insurance policy on the life of Oliver. This policy was transferred to Chance as beneficiary, it is said, while Oliver was in prison. Oliver's family lives at the Bank of Denton, signed with the name "A. R. Kennedy", and indorsed "A. D. Oliver", the check being returned as a forgery.

Auto and Gun Claimed.
Claude Chance, it is claimed, was in Smithville Wednesday. He left there in an automobile for Macon Thursday morning about twelve hours after Oliver was killed here. It is suspected that Claude Chance was then used by the murder party in driving to and fleeing from Leesburg. Claude Chance is employed by the Macon National Bank. The shotgun found near where the slayers leaped into the waiting automobile is alleged to have been the property of Minter Kennedy.

Interesting Records.
There are some interesting official records in the archives of the Referee's office bearing upon the career of A. D. Oliver.

The records show that when Oliver was first arrested at Climax, Ga., in 1909, there came from the governor of Georgia a requisition for Oliver's extradition, which was granted. Oliver was under charges in Georgia the requisition was not granted. After Oliver had been in jail four years for bigamy and a few days before he was to be liberated, the Mississippi requisition for his extradition was taken out. He had, as L. G. Harding, operated some illegal wild get-rich-quick scheme. Oliver, who was taken out by the county changing, anticipated the requisition and sent two lawyers to Atlanta to ask the governor to postpone any action until he was free and could appear at the hearing in person. This he did. He was then released. He tried to prove that he was not Harding, but the requisition was granted. A writ of habeas corpus in Mississippi freed him, and he thereupon returned to the governor of Georgia asking for his identification papers. A writ of habeas corpus in Mississippi freed him, and he thereupon returned to the governor of Georgia asking for his identification papers. A writ of habeas corpus in Mississippi freed him, and he thereupon returned to the governor of Georgia asking for his identification papers.

Oliver went back to Lee county and resumed his financial operations. The authorities allege that the murder of Oliver was committed near the scene of the shooting belonged to Kennedy. The preliminary trial was to have taken place this afternoon, as the first three men arrested asked for immediate trial, but it was decided to postpone the trial until next Wednesday, when it is probable all six of the prisoners will be given a preliminary hearing.

CLAUDE CHANCE WELLS THOUGHT OF IN MACON.
Macon, Ga., February 19.—(Special.) Claude Chance, of Macon, charged with the shooting of Oliver Wednesday night of A. D. Oliver, the banker, had been assistant bookkeeper at the Macon National Bank since that summer. He came to Macon nearly one year ago from Smithville and made many friends here. He was a member of the Macon club and the Macon Athletic Club. He was married to a woman named McManis, and they made their home with Mr. McManis, 208 First street.
It was learned today that Chance told officers of the bank last Monday he had left for Smithville to attend to some business. He was given permission to be away from the bank and left Monday evening. He returned to Macon Tuesday night and went to work today when his father, G. W. Chance, of Smithville, over long-distance telephone, told him to come to Smithville at once on important business. He got permission to be away from the bank a few days and instead of waiting for a train, went through the country in an automobile.
Chance had been active in various departments of the First Baptist church of Macon, being a member of the Baritone class and of the choir. Last summer he was a catcher for the bankers' team in the City League baseball association. He is twenty-three years of age and was born and reared in Smithville, where his father is cashier of the Bank of Smithville.

ADVANCE IN MANGANESE TROUBLES STEEL MILLS
Pittsburg, Pa., February 19.—Officials of local steel companies are questioning grave concerns over the sudden advance of about 50 per cent in the price of manganese. The sudden jump followed Germany's declaration of a blockade against England, which it is feared may interrupt the shipping of that alloy from the latter country to the United States. A lot of 200 tons for local steelmakers a few days ago was sold at \$100 a ton delivered in Pittsburg. Prior to this, manganese could be purchased in Baltimore at \$68 a ton.
Pittsburg steelmakers up to this time, many steelmakers have been content to get along with what stocks they had on hand and to get their supplies through dealers for their supply this year. These contracts, however, are now likely to be cancelled by the advance in price, a scurrying of the consumers for new stocks has already started.

Striking Tailors Riot.
New York, February 19.—Sixteen men were arrested today in a riot in Fifth avenue directly in front of St. Patrick's cathedral. For a quarter of an hour traffic was halted for what was described as a "hard battle" between 300 men fought in the street. Police reserves charged the crowd with high water and after a hard battle dispersed the rioters.

China and Chile in Pact.
London, February 19.—The Chinese and Chilean ministers in London signed a treaty today providing for direct and friendly relations between the two nations. The pact states that there had no treaty relations with Chile, though she has entered into treaties with Peru and Brazil.

EMORY AND VANDERBILT UNDER CONSIDERATION

Educational Commission of the Methodist Church in Session at Memphis.
Memphis, Tenn., February 19.—The educational commission of the Methodist Episcopal church, south, met here today for their twenty-third member present. The commission will be in session two days. At this conference, it is said, will be determined whether the church shall contest the action of the Tennessee courts that it does not control Vanderbilt university. The body was appointed at the last general conference held in Oklahoma City. Olney was empowered to organize Emory university, in Atlanta, designed to take the place in southern Methodism that Vanderbilt held prior to the court's decision against the church. The commission is composed of Bishops W. A. Candler, J. C. Kilgo, W. B. Murray, T. H. McCoy, four ministers and eight lay members of the denomination, from each of the eight patronizing conferences, which take part in the annual conference of Vanderbilt university, met with the commission and voiced the sentiments of the church.

ALLEGED DYNAMITER GLAD HE IS CAUGHT
Seattle, Wash., February 19.—David Caplan, last of the men wanted in connection with the dynamiting of the Los Angeles Times building in 1910, was placed in jail today at Port Orchard. He was arrested last yesterday by a Los Angeles police officer, returning from Rolling Bay, Bainbridge island. Detectives said he admitted his identification of a witness in the trial.

For two years Caplan had lived on the beach under the name of Fred Miller. He is now a barber in a shop in Rolling Bay. He was in bed when the officers burst into his cabin and told him he had been recognized as David Caplan.
"That's me; I'm glad it's over," Caplan said, according to detectives. He found much valuable evidence in Caplan's cabin, said one of the officers today.

Bellevue letters and other documents implicating several San Francisco men in Caplan's activities, we found three sticks of dynamite similar to those used to destroy the Times building.

Los Angeles, Cal., February 19.—Two indictments stand against David Caplan, one for murder in connection with the dynamiting of the Times building and the other for illegal transportation of dynamite.

M. A. Schmidt, recently arrested in New York, is said to have been an accomplice in the crime. E. McNamara, evidence found when Schmidt was arrested is said to have aided in tracing Caplan.

McNamara confessed to dynamiting the Times building and he is now in San Quentin prison. The star witness against him was Charles McGowan, one of the alleged conspirators, now at liberty abroad. His residence in New York is the district attorney's office, and it is expected he will return here for the trials of Schmidt and Caplan.

GREAT DAMAGE DONE BY FRENCH AVIATOR IN 40-MINUTE RAID

Paris, February 19.—A daring flight made the night of February 8 by a French aviator, who dropped six projectiles in the vicinity of Ostend, is described in a note given out today by the war office.
The aviator left his station at 9:40 p. m. in a violent west wind. His projectiles, landed on a wooded area, were a number of munition, appeared to be incendiary bombs. He then flew to Ostend and left three bombs on the Casino building. The violence of these detonations caused considerable damage among the enemy, who flashed their searchlights on the departing aviator. The aviator was seen to be hurled on a barracks west of Ostend. Searchlights found the aviator soon after and German machine guns were fired at him, but without success. During his return flight his machine touched the waves along the coast line. Guided by the lights of the aerodrome at Furnes, he finally landed at 10:20 p. m., having been gone but forty minutes. The distance from Furnes to Ostend is 14 miles.
