

TAX EQUALIZATION AMENDMENT WINS COMMITTEE FAVOR

Senator Persons' Measure Would Provide for the Taxation of the "Invisible Property" of Georgia.

WOULD RUIN GEORGIA SAYS CHAIRMAN AKIN

"Legislation, if Passed, Will Stop Progress," Says Secretary Mangham—Minority Report Will Be Made.

Following a two-hour debate on a bill introduced by President G. Ogden Persons, of the twenty-second, to amend the present tax equalization law by requiring the public assessment of "invisible property"...

Purpose of the Bill. In the words of the author Senator Persons, the bill is "to require all notes, accounts, mortgages, stocks and bonds, and all other 'chooses in action' to be returned to the tax receiver at their market value..."

After Senator Persons had explained and advocated the bill, Senator Moore, of the thirty-seventh, expressed a similar approval of the measure.

Every speech had been a warm endorsement of Senator Persons' measure. The chairman of the committee, presiding officer's chair, addressed the committee. He said in part "As a business proposition this law would bankrupt those banks within thirty days..."

Taxes Will Increase. "If you pass this law, before you meet in 1916 your bankruptcies will go into the thousands..."

COUNCIL TO IGNORE VERY PLAIN WORDS TO CHARACTERIZE REPLY TO GERMANY

Chief Beavers Says He Has Investigated Empire Hotel and Found Charges to Be Groundless.

The aftermath of the verbal war of Sunday between Marion Jackson, of the Men and Religion Forward Movement, and Chairman Edwin Johnson, of the council police committee, indicated Monday that the council would follow First—The general council will ignore the resolutions of the Sunday mass meeting, calling on them to revoke all locker club and saloon licenses, and Second—That the police commission will call Chief of Police James L. Beavers to account for not carrying out some of the recommendations of the commission as authorized in the recent adoption of the probe committee's report, and Third—That the police will be called on to draw their net tighter on alleged institutions of vice in Atlanta.

Chief Beavers Blamed. When Councilman Johnson charged that Marion Jackson received a portion of his income from the Empire hotel and intimated that that hotel was not what it ought to be, Mr. Jackson declared that if the hotel was run properly it was up to Mr. Johnson and his police committee to put it out of business.

Police Commissioner Andy King Monday placed the blame for reports against the hotel at the doors of Chief Beavers. He declared that "Chief Beavers, who is strongly allied with the Men and Religion Movement, approved the hotel permit for the Empire hotel, and he above all should be held responsible if there is anything wrong with it."

Chief Beavers denied last night that he had approved the hotel permit for the Empire hotel, declaring that the permit was issued to the hotel by a council police committee to him for investigation.

Continued on Page Three.

EDISON'S BRAINS PLACED AT SERVICE OF AMERICAN NAVY

Noted Inventor Accepts Invitation to Become Head of Naval Bureau of Invention and Development.

OTHER NOTED INVENTORS TO WORK WITH EDISON

Ideas of Officers and Men of Navy to Be Developed. Submarines and Aeroplanes to Be Given Special Consideration.

West Orange N. J. July 12.—Thomas A. Edison has accepted an invitation from Secretary Daniels to head an advisory board of civilian inventors for a bureau of invention and development to be created in the navy department.

Mr. Daniels' idea of utilizing the inventive genius of Americans in and out of the military and navy service to meet conditions of warfare shown in the conflict on land and sea in Europe is outlined in a letter written last Wednesday asking Mr. Edison whether he would undertake the task of advising the proposed bureau.

Among the great problems to be laid before the inventors, the secretary mentioned submarine warfare, adding that it was the duty of the navy to meet this new danger with new devices that will assure peace to our country by their effectiveness.

There was much informal discussion among officials of the contents of the German note. The trend of their opinions was that the German evasion of the American argument had narrowed the field of negotiations so that the next communication from the United States must state to some extent the American position.

Secretary Lansing soon will receive Count von Bernstorff at the ambassador's request, to discuss the situation in general. It is believed the ambassador will explain the German viewpoint and in turn will be informed of the gravity with which the United States regards the situation.

BY SAVAGE ATTACK CEMETERY IS TAKEN FROM THE FRENCH

In Fierce Struggle the Germans Regain Position at Souchez They Recently Lost to the French.

GENERAL OFFENSIVE EXPECTED IN THE WEST

And Public Is Guessing as to Whether It Will Be Launched by the Allies or Germans—Little Change on Eastern Front.

London July 12.—By a savage attack in the west the Germans have wrestled from the French the Souchez cemetery, 7 miles north of Arras. The battle was one of the severest of the war. The cemetery was taken after a gas attack followed by hand to hand fighting with bombs and bayonets.

The attack has been a renewal of activity in other areas of France and Belgium but nothing comparable with the strategic importance of the Souchez struggle.

The situation in Poland and Galicia has not reached a crisis, but the public is weary of following the complexities of the Russian retirement and so long as Warsaw appears to be in no immediate danger is turning to the west, awaiting guesses as to whether the British and French or the Germans will be the first to take the general offensive.

Another winter of tedious trench warfare is inevitable. Destruction of the German cruiser Königsberg in a jungle lined river of East Africa was learned with surprise, the fact that she had taken refuge there having been forgotten by the general public.

The Italian attacks against Austria seem to be continuing in intensity, but the Vienna official statement admits no loss of ground.

He Will Work for the U. S. Navy

Famous inventor has accepted invitation to head bureau of invention and development to be created in the navy department. Other noted inventors will be associated with Edison.

TWO SAFES DRILLED BY EXPERT YEGGMEN

Burglars Also Enter a Soda Water Stand and Rob the Cash Register.

The unformed police went to work last night on the robbery by yeggmen of two safes in a downtown store which took place last Saturday night about 11 o'clock.

Yeggmen broke into the store of Rosenfield & Co. 106 S. Madison avenue, Saturday night, and drilled the combination of the two safes in this store.

Dallas Offers \$100,000 For the 1916 Convention Of the Democratic Party

New York July 12.—William F. McComb, chairman of the democratic national committee, received today from Dallas, Texas, an offer of \$100,000 as a cash contribution to the funds of the national democratic committee should the party convention be held in that city.

BRITISH WAR LOAN RECORD-BREAKING

Not Only for Size, But for Far-Reaching Effect—First "Democratic Loan" in History of British Government

London July 12.—Although the magnitude of the new British war loan, the greatest in history, is staggering even in these times when men and money are counted by millions, the loan is record-breaking in other respects than mere size.

Of far-reaching effect is the fact that the loan ushers in a government interest rate of 4 1/2 per cent, such as the British government has never dreamed before of allowing on its obligations.

From One Pocket to Another. One of the strange features of this appeal for the working people's savings is that the government has put it in another pocket. The thrifty workman usually puts aside his savings in the postal banks, which pay him 2 1/2 per cent.

GENTLEMAN FROM ATLANTA, GEORGIA

Hon. William Schley Howard Finds It Unnecessary to Visit Health Resort.

The reason why Wm. Schley Howard, able Congressman from Atlanta, Georgia, has eschewed health resorts may be gleaned from the following communication recently made by him.

AT THE THEATERS "Damon and Pythias"

It can safely be said without fear of contradiction that "Damon and Pythias," presented at the Strand theatre yesterday, is the most sensational production ever shown in Atlanta.

Chamberlin-Johnson-DuBose Company Atlanta New York Paris

Today We Shall Hold a Little Exhibition of The New Suits for Fall

The ever, ever interesting NEW takes possession of the Suit Section today. Scores of models correct for fall have come in, and

They are so strikingly unlike anything we have had for so many seasons that they are sure to come as a delightful change to women in general.

An entirely new idea has been developed this season—coats are fitted at the waist line, or at least are semi-fitted, with a fullness, or flare, over the hips.

Coats hover around the thirty-two-inch length. Skirts are gored or circular.

The materials the smarter makers are using are gabardines, two-tone mixtures, serges, whipcords and a light weight broadcloth—an occasional bit of velvet is used with the latter, whereas, when trimmings are used with the other fabrics, they are generally braids, as bindings.

Dark colors, mostly—blue, a deep gray, plum, green and brown. It's the American woman's season—the lines she likes best, and fabrics, and colors.

But let us show you! For these are styles that are dotting the crowds at the mountain tops and northern resorts right now.

Chamberlin-Johnson-DuBose Co.

BUSINESS AGENTS ARE OPTIMISTIC

Money Is Plentiful and Conditions Are Normal Again, Report Bradstreet Company Superintendents.

Declaring that the day would soon dawn when the only man not having business would be the one who did not go after it, J. E. C. Padden, local and division superintendent of the Bradstreet company, called together fourteen district superintendents for their annual meeting of three days, yesterday, in the Empire building.

Reports showing that business conditions in the south had already attained normal, that money was plentiful in their several districts and that cotton mills were working overtime on war orders, were made by each of the superintendents present. The numbers of unemployed are rapidly decreasing, they say, and there has been a marked increase in business within the last sixty days. While the cotton crop is large, it was the consensus of opinion that the tendency to diversification was more pronounced today than ever before.

Savannah Holding Open.

"We are not entirely dependent upon cotton shipments," said W. R. Swarthout, district superintendent at Savannah. "Because of the diversity of interests in Savannah in public affairs we are probably going ahead better than any other city in the state in financial affairs. Savannah is holding her own. Our bank clearings for the first half of 1915 were larger than those for the first half of 1914, and the fall business is going to be as good as that of last fall. It requires more than a war 3,000 miles distant to make us pessimists."

That Charleston is new in the first stages of its greatest development, and that more large industries with plenty of capital had been started there within the last five years than in the twenty years previous was the optimistic statement of P. W. Henneker, reporting on Charleston and vicinity.

"In middle Georgia financial institutions show large reserves," said L. E. Lewis, in charge of the Macon office. "Cotton acreage has been materially reduced and the cost of its production is the cheapest in years, occasioned by the rigid economy on the part of the farmers. A good price is being anticipated. Indications point to a bumper corn crop."

Within the last few months numerous inquiries have been made by various enterprises and industries, who propose establishing plants on the Ocmulgee river, now that the waterway is to be utilized. A 10 per cent reduction in freight rates will be brought about, or a saving of \$250,000 to \$300,000 to the commercial interests per annum.

Mobile Optimistic.

A feeling of optimism prevails in Mobile, according to the statements of R. Jones, superintendent of that place. "A revival in the lumber business and the consequent reopening of many mills to handle large orders is generally noticeable," he says. "The postoffice receipts show a decided increase. Citrus farmers have organized for better marketing facilities. Cotton, corn and potato crops are in splendid condition and farmers have diversified more than in years."

The chief industries of Jacksonville, Fla., such as naval stores, phosphate and lumber, are holding their own, despite the depression caused by the war, according to George A. Eakin.

Wholesale dealers in groceries, dry goods and hardware report the volume of business about normal this season, and in some instances have exceeded last year's figures. Retailers in all lines report business off from 10 to 15 per cent. A factor in this condition was the unseasonable weather experienced in June and the consequent being economical in their purchases. Taking this section as a whole, the condition of the cotton crop is estimated at around 80 per cent at the present time.

Others who spoke were John L. Wynn, of the Chattahoochee district, Warren L. Lehman, Tampa, Leo A. Roper, Albany, and John A. Singleton, Greenville, S. C.

DUBLIN LAWYER DIES.

Col. H. P. Howard Succumbs to Heart Failure.

Dublin, Ga., July 12.—(Special.)—H. P. Howard, one of the oldest and best known lawyers in this county, died suddenly Sunday morning from heart trouble.

He was found dead in his room by a friend who called on him, and apparently been dead only a short time. A coroner's jury returned a verdict of death from heart trouble, with which he had been afflicted for some time.

He was 69 years of age and came to Laurens from Wilkinson county in 1883. He was admitted to the Dublin bar in 1881, and had practiced law steadily since that time, having enjoyed a high reputation for ability.

He is survived by six children, J. J. George, Howard, Mrs. Turner and Mrs. T. C. Turner, of Alamo, and Mrs. S. J. Adams, of Macon.

Funeral services were held in the Baptist church this afternoon, and interment followed in Northview cemetery.

An unusual coincidence of his death was that it occurred on the same date as the death of Judge K. J. Hawkins, just one year ago, in Dublin, and was as sudden as the death of Judge Hawkins.

POLK TO PLEAD INSANITY FOR KILLING OF HIS WIFE

Milledgeville, Ga., July 12.—(Special.)—The trial of C. P. Polk, who killed his wife last January, has been set for next Monday. This case will be hard fought by both sides.

Attorneys John T. Sibley and Sibley & Sibley represent the prisoner. Solicitor Joe Fottie will be assisted in the prosecution by Justice L. Greer, of Montezuma, the home of E. A. Robinson, father of Mrs. Polk.

Insanity will be the plea of the defendant. Polk shot his wife one morning while negotiations were on between two of his brothers, himself and wife to settle some domestic troubles. Polk was night operator at the telephone exchange of the state sanitarium for many years and the murder was committed at the residence of John Cooper, near the institution.

COBB SUNDAY SCHOOLS HAVE SUCCESSFUL MEET

Acworth, Ga., July 12.—(Special.)—The annual convention of the Cobb County Sunday School association has just closed in Acworth the most successful meeting this association has yet held.

Walter Abbott, the county president, had arranged a fine program. The speakers were Judge H. J. Patterson, of the Blue Ridge Circuit, A. B. C. well, superintendent of Ponce de Leon Avenue Baptist church, Atlanta, Miss Flora Davis, assistant state secretary of state association, Professor H. R. Hunt, president Seventh District Agricultural college, Macon, J. J. Daniel, of Marietta, and others.

Twenty-eight schools were represented. There were 50 teachers and delegates in attendance.

Americus Pulling for the Next Annual Convention

Weekly Press Editors

Americus, Ga., July 12.—(Special.)—The Americus Chamber of Commerce sent a representative delegation to Eastman tonight to extend upon the part of that organization and The Times-Recorder an invitation to the Georgia Weekly Press association to hold its next annual convention in Americus. This city was one of the several prominent organizations next year, and is anxious to have the weekly editors as well.

SCORCHING WEATHER TO CONTINUE TODAY; MERCURY REACHES 92

Having just emerged from a scorching midsummer day, Atlanta and territory will this morning embark upon a similarly scorching one with cloudless skies and a heartless sun.

The mercury has started on its midsummer climb. Monday was one of the hottest days of the season, the mercury registering 92 degrees at 3 o'clock, prior to which time it had been

on a steady climb since 3 o'clock, when it had registered 80 degrees.

However, there is consolation in the fact that today will be one minute shorter, the sun rising at 4.34 1/2 and setting at 6.50 1/2.

Don't Visit the California Expositions

Without a supply of Allen's Foot-Ease, the antiseptic powder to be shaken into the shoes, or dissolved in the foot-bath. The Standard Remedy for the feet for 35 years. Get it TODAY.

Editor Alden Blethen Dead.

Seattle, Wash., July 12.—Alden Blethen, editor and publisher of The Seattle Times, died late today. He was 69 years old.

The barometer was invented in 1643.

Building Boom for Lyons.

Lyons, Ga., July 12.—(Special.)—A building boom is in Lyons. Several dwellings are under construction. A new city hall has just been completed at a cost of \$5,000 and an addition has been built to the public school building at a cost of \$10,000. Colonel E. J. Cowart has under contract of construction a handsome bungalow. Several valuable improvements have been made on the government building.

Why Suffer With Impure Blood

An Effective Remedy That Can Be Relied Upon.

You can step into almost any drug store in the U. S. and get a bottle of S. S. S., the famous blood purifier. So there is no need to struggle or suffer with any blood disorder. It doesn't make any difference how severe is the outbreak, S. S. S. will overcome it. This famous remedy gets into your blood at once; it works with a will, it just simply annihilates disease germs, it drives them out, converts them into a harmless substance for quick elimination. Get a bottle today and you will quickly realize that S. S. S. is just as essential to blood health as are the meats, fats, grains and sugars of our daily food. And if you are a stubborn case, write at once to the Medical Adviser, The Swift Specific Co., 113 Swift Bldg., Atlanta, Ga. He will put you right. This department has been of incalculable service to a host of men and women. It has enabled them to understand their true condition, to take care of themselves in the right way, to so use S. S. S. in conjunction with health helps as to obtain the desired results without mistakes. Do not accept any of the horde of substitutes so often displayed for those who are often misled. S. S. S. has been the standard for half a century and is unquestionably the safest medicine you can use.

Invokes God's Reward for Pellagra Cure

Jumbo Va.—J. H. Sutterwhite writes "I want to thank you for what you have done for me. You have cured my wife. God bless you in your work. I hope some day to see you. If I never see you I hope to meet you in heaven. God will reward you for your grand and noble work."

There is no longer any doubt that pellagra can be cured. Don't delay until it is too late. It is your duty to consult the resourceful Baughn.

The symptoms—hands red like sunburn, skin peeling off, sore mouth, the lips, throat and tongue a flaming red, with mucus and choking, indigestion and nausea, either diarrhoea or constipation.

There is hope, get Baughn's big Free book on Pellagra and learn about the remedy for Pellagra that has at last been found. Address American Compounding Co., Box 2003, Jasper, Ala., remembering money is refunded in any case where the remedy fails to cure.—(adv.)

Chalmers Six-48 Now \$1550

Big Seven-Passenger Touring Car

At last you can get one of the biggest motor cars on the market at the price you have been considering—one of the most luxurious motor cars made by one of the great leaders of the higher-priced motor-car field.

At last you can get a car at a reduced price that hasn't one bit of value taken out of it.

At last you can get at the price of cheap cars, a Chalmers car—a car that 10,000 owners have run for two years at the lowest record for real economy of upkeep ever known.

Cut From \$1925

Not a Made-Over Car

This car was placed on the market two years ago at \$1925. Thousands were sold at that price. Then the car was reduced to \$1725 and we sold thousands more at this figure.

Thus you see that it is not a made-over car to meet a lower price; it is the same high-grade quality car that originally sold at \$1925.

Most of these cars went to New York, Philadelphia, Boston and Chicago, where the list of Chalmers Six-48 owners reads like the Blue Book.

Think of it!—this car at \$1550—\$375 cheaper than its first selling price—and then people wondered how we could make it at less than \$2000.

They were not bought merely by those who felt that \$1725 was all they could afford to pay for an automobile, but by people who could afford any car.

Why, a great motor manufacturer once said to us: "It is the finest motor in material and workmanship we have ever seen (the one in this car at \$1550). We are frank to say that we have never turned out a better motor, even for higher-priced cars. No company that we know is turning out a motor with such high-class workmanship as you put on this one."

Over a thousand Six-48's are operating in the New York City district alone, yet one man at the Chalmers New York branch attends to all repairs or adjustments that have ever been necessary.

Look Beneath the Surface

Statements like this should make the prospective motor-car purchaser look beneath the surface of claims of all motor-car manufacturers nowadays.

No Changes But Improvements

The prospective purchaser can't tell by looking at a finished car what is in the chassis. If he is a man of mechanical knowledge he can tell something by close examination of the chassis.

The cars operating in this district broke all records for upkeep—freedom from repair cost considered.

There can be no improvement made in a motor which does such work as this.

But even then he can't find such differences as this motor manufacturer found in our motor.

There can be no structural improvement made in carburetion which makes such a record in gas economy, or on a chassis with such proper distribution of weight—light where it can be, strong where it should be.

But those who see Chalmers Cars in the making see these differences.

Not one of these quality advantages has been skimped in the 1916 model of this car, but numerous refinements have been made.

That's why we proudly call attention to the fact that we have never lost a single sale to a prospective purchaser who made a trip through the Chalmers factory.

The car is built in our own shops. It is not a motor picked up here, a transmission there, and other parts from somewhere else.

How We Are Able to Cut

Talk to Owners of This Car

This fact and quantity production have enabled us to produce this car at the 1916 price.

Many of your neighbors in Atlanta and vicinity are running this car now—ask any of them about it.

We are building 20,000 cars this season. That is nearly four times as many as ever before. We are putting up new buildings; we are installing new labor-saving and cost-reducing machinery.

It is the car of Quality—Plus. It is the car of Quality, because the Chalmers Motor Company has never succumbed to the temptation to make cheap cars. When we cannot build quality cars we will go out of business.

With bigger organization, increased capital and new plans, we have cut down administrative expense in its ratio to each car made.

It is the car of Quality—Plus, because, with new plans for quadrupled production, new organization and the biggest business in our history, we can make Quality Cars at prices which make this Six-48 absolutely the best "buy" in the field of cars priced from \$1200 to \$2000 today.

After several years' work we are now equipped to make quality cars at quantity prices.

We are not given to over-statements. Hence we ask the privilege of proving this rather strong claim. May we show you this car, today?

This car gets all the advantages of this general saving.

In addition, we had no new tools to make on this model, no new tool fixtures to make, no new machine tools—so we are able to give the present buyers the benefit of these special savings also.

The Car of Quality—Plus

Chalmers Motor Co. H. B. ODELL, Distributor
Detroit, Michigan 541 Peachtree Street Ivy 4932

"Let Your Next Car Be a Chalmers"

THE CONSTITUTION Established 1868 THE STANDARD SOUTHERN NEWSPAPER Published Daily, Sunday, Tri-Weekly CLARK HOWELL Editor and General Manager

Russia has decided that it is of vastly greater importance that her soldiers shall be kept warm the coming winter than that fashion's fancy should be catered to. So Russian sable, fox and ermine will line Russian overcoats and make Russian caps, while milady digs into moth balls and hastens to the furrier to command his remodeling handiwork.

There is yet one hope With a third of the world's fine fur supply cut off, it may be fashion will decree simplicity in the countries now at war, and there will be a consequent decrease in the demand. Then, too, it is barely possible the Canadian trappers, stimulated by probable higher prices, will increase their catch, thus adding to available output.

But this is pure speculation. All we know is Russia has, by a single war order, taken from the world the large portion of its annual supply of the finer and more valuable pelts. And knowing that, the natural conclusion is the furs available will cost more than ever before.

It looks very much like a case of having 'to get out the old furs and have them done over. But why not? By that time the Russian order will have been forgotten, and nobody but the wearer will be likely to know the difference.

There is perhaps no reasonable foundation for the charges which have been made respecting the management of the Confederate Soldiers' Home.

The home is under the direction of well-known Georgians of highest integrity, whose sole desire is to administer it in accordance with law, and to provide a maximum of comfort and pleasure for those veterans who seek its shelter in their declining years.

It is unfortunate that frequently there are some of the veterans who do not appreciate this viewpoint and who, sometimes unwittingly, permit themselves to be led into attacks upon those who are working for their welfare, which, upon second thought, they usually regret.

Referring to The Constitution's editorial of Sunday, in which we took the position that the German situation—which appears to be gradually approaching a diplomatic understanding—through Germany's actual compliance with the demand that our rights on the sea be respected—is now less serious than that involved in England's unwarranted interference with our commerce to neutral European ports, the following telegram to The Constitution from United States Senator Hoke Smith explains itself.

JUST from GEORGIA By Frank L. Stanton If They Give Her Half a Chance. Since light first streamed upon her when creation's work was done, Earth's made a mighty record on a wondrous starry run. She's sure amazed the angels when from heavenly heights they glance, No telling where she'll get to—if they give her half a chance.

Great earth, for all the grieving, the sorrow and the strife, Forevermore believing in the beauty of her life. Wars shake, but can't unmake her, on the starway she'll advance, World-wonder of the ages—if they give her half a chance.

Playing a harp in Heaven is too much like work to some of the lazy saints.

Way-side Philosophy. Rising high may be hard, but coming down graceful is what gets us. Even in heaven one little harp won't suit some folks. They'll want to be the whole band.

SOUTH GEORGIA SCENES NUMBER THREE YES, I KNOW YOU COME DOWN HERE TO INVEST \$20,000, AND ONLY GOT TEN MINUTES - BUT LET ME SPEAK ABOUT OUR BALL TEAM! - WE GOT THAT 'DOTHAN' BUNCH SCARED FLAT - AN' WHEN GARDNER (A) GETS THE RIGHT!

How They Can Tell. A story opened to Alexander Powell, the war correspondent and lecturer. 'The English volunteer troops are splendid. You can tell by certain earmarks where they come from. You can tell the miners of the Midlands, the mill hands of Manchester, the bookkeepers of London, the...'

THE CZAR'S PRACTICAL JOKE. As many of the minor Russian poets are doing service at the front and may be eliminated from the lists of song, it may be up to the czar himself to write the battle songs, or probably an epic of Russia's part in the world-war.

GET OUT THE OLD FURS. Fur renovators and remodelers will do a rushing business this fall. With a little refurbishing and touching up, last year's muff and neckpiece, and even those of the year before, will look good to mother and debutante, when they come to inquiring into prices of the new ones.

John Temple Graves Announces Hearst Plan To Back Slaton for the Senate or Vice President. (From The Pittsburg (Pa.) Leader) That the action of former Governor John M. Slaton, of Georgia, in commencing the prosecution of Leo M. Frank, convicted of the murder of Mary Phagan, the 15-year-old Atlanta, Ga. girl, which resulted in bitter condemnation of the former governor by many Georgia citizens, will result for his betterment and ultimately will result in three or four months, in a boom of country-wide proportions for Slaton as a democratic candidate for the vice presidency of the United States.

Colonel Graves arrived in the city to participate in the dedication exercises of the new Pittsburg Press club late this afternoon. Colonel Graves discussed at some length the Frank case, and asserted that in his opinion former Governor Slaton was not condemned by the better thinking people of Georgia. 'There isn't a hamlet in the United States but where the Frank case has been discussed together with the action of former Governor Slaton in commuting his sentence in defiance of mob hostility,' said Colonel Graves.

Editor Constitution I note that Senator H. A. Boykin has introduced a bill in the legislature to establish the office of superintendent of public records, and to make the attorney general of the state ex-officio supervisor.

Makes Plea for Uniformity In Keeping County Records. Editor Constitution I note that Senator H. A. Boykin has introduced a bill in the legislature to establish the office of superintendent of public records, and to make the attorney general of the state ex-officio supervisor.

Bills Introduced and Passed in Both Houses Of Legislature Monday. Bills Introduced in Senate. By Adams of Third- To amend code to permit engines to operate without electric headlights under certain conditions.

Resolution by Senator Buchanan of the Ninth-To appoint an investigation committee of two from the senate and three from the house to probe conditions at the Georgia Confederate Soldiers home.

House bill by Mr. Dates of Lincoln-To abolish the office of treasurer for Lincoln county.

House bill by Mr. Beck of Murray-To abolish the office of treasurer of Murray county.

House bill by Mr. Donard of Webster-A resolution directing the state librarian to furnish books to certain courts.

House bill by Mr. Elders of Tattnall-To provide two terms a year for the Tattnall county court.

House bill by Mr. Lamar of Bulloch-To amend an act creating the city court of Bulloch county.

House bill by Mr. Cooper of Ware-To amend an act creating the city court of Ware county.

Georgia and Other States Not a Whit Worse, and Better Than Some Others. (From The Louisville Post) We read comments of the eastern press upon recent events in Georgia with some interest. Generally they refer to it as Georgia's disgrace. But where the disgrace comes from is not said. It is held that it was in the crime in the trial of the pardoned convict.

But how it is with our eastern contemporaries. Take New York for instance. One of the most notorious murders in the history of the world was committed some years ago in New York. The man killed, openly, the law, was a man of high standing in the news of the day.

So far as Georgia's disgrace is concerned, our indignation is not so much for the disgrace of Arkansas as it is for the disgrace of Georgia. Our indignation is not so much for the disgrace of Arkansas as it is for the disgrace of Georgia.

Locals Divide Double Bill With League-Leading Chicks; Williams' Fielding Features

By Dick Jemison. The locals divided a double bill with the league-leading Memphis Chicks yesterday afternoon, winning the first game, 2 to 1, and losing the second, 4 to 2.

Both games were full of thrills, sparking with bright fielding, though the hitting on both sides was light in both contests. Each team made a run in the first inning on clean hitting, the Crackers leading the game due to a wild throw by McDermott in the second game, practically every one of the Chicks runs were safe, while the Crackers made one of theirs on a gift and the other on clean hitting, and should have had at least two more had the breaks been in their favor.

Williams the Star. Otto Williams was the star of the game in a fielding way, featuring both games with sensational stops and throws. He made a great play robbing Hack Elbert of a base hit in the fifth inning of the first game, and came through with a splendid double play a moment later in the same inning.

In the second game he pulled one of the most sensational plays ever seen here. Allison beat out a hit to start the third inning, and went to third on a passed ball. Stewart started a safe hit through the box. Williams speared the ball back on the grass back of second with his bare hand and made a wonderful throw to Rumberger, getting Allison out at the plate.

Then in the same inning, with Stewart on second, he robbed Lord of a hit by a sliding stop near first base, of a vicious double play which followed. The next time Lord was up, which was in the sixth inning, Allen hit a terrific smash through the box and tossing him out at first.

The First Game. Robertson was pitched against Perry in the first game. For five innings it was nip and tuck, with neither having any great edge. With two gone in the sixth, Stewart beat out a slow rolling hit to McDonald and tallied when Lord drove one to the scoreboard which Murphy just got to, but could not hold, the hit going for a two-bagger and Stewart scoring.

The Crackers tied it in their half of the sixth. With one gone, Lec doubled to left and scored when McDermott pitched to left and made a great peg to the plate, but Lec beat the throw a step. Rumberger opened the Crackers' sixth with a grounder to McDermott, who threw the ball low and it sailed by Elbert to the Rumberger pulling up at third. McDermott held Rumberger on third on Blisland's roller, but Jenkins,

hitting for Perry, sent a long fly to Lord and Rumberger romped in with the winning run.

Box Score for Memphis vs Atlanta. Includes batting averages for players like Allison, McDermott, Stewart, etc.

Second Game. The teams hook up again this afternoon at 7:45 o'clock. Roth will probably be pitched against Kelly. The game starts at 8:45 o'clock.

Score by innings: R. Chattanooga 100 000 1-2. Birmingham 000 000 0-0. Summary—Errors, Lindsey 1, Wallace 1, Robertson 2; two-base hits, Harris, Pitter; three-base hit, Wallace; stolen bases, Harris; double plays, Graf to Pitter to Harris; double play to Pitter to Harris, Ellman to Hemingway, Daisy to Harris, sacrifice hits, Johnson, Harris, Peters; bases on balls, of Robertson 3, of Cunningham 4; left on bases, Birmingham 8, Chattanooga 4; struck out, by Robertson 2, by Cunningham 4. Time, 1:45. Umpires, Kerin and Williams.

Crackers Split With the Chicks

Southern League Standing Wrong

Advices From Birmingham to the Effect That It Is Still Out—Our Standing Correct. The Constitution is in receipt of a communication from the sporting editor of The Birmingham Age-Herald, advising that the Southern league standing as officially announced by Secretary Stratford, and regarding which so much discussion recently arose, is still wrong.

It has been the Constitution's contention all along that the standing was incorrect, and even when the recheck was announced July 8, and another change July 9, we still differed with the league secretary. In re the Memphis, Birmingham, Atlanta, Mobile and Little Rock teams, we agree with the league secretary, but differ on the New Orleans, Nashville and Chattanooga teams.

New Orleans we have winning one more game than he credits them with, Nashville we have winning one less and losing two more, and Chattanooga winning one more and losing one less. The standing, as appearing in The Constitution this morning, is the Constitution's standing as checked back from the records by The Constitution's sporting editor and not the official standing as announced by the league secretary.

It was announced last night from Birmingham that a new official standing would be announced today and we intend to leave ours as it stands until the official standing checks with it, as we're willing to gamble we're right.

D. E. Root Wins President's Cup at East Lake. The first trophy offered by President Ala. G. Chandler, Jr., in the annual president's tourney at East Lake, was captured by Douglas E. Root. Mr. Root won the trophy by downing Ormond Smith in the final round, 6 up and 4 to play over 18 holes.

Cedartown 5, Carrollton 4. Carrollton, Ga., July 12.—(Special.)—Cedartown defeated Carrollton, 5 to 4, winning out in the ninth. Batteries, Carrollton, Stevens and Loftin, six hits, three errors; Cedartown, Young and Cooper, ten hits, two errors.

Little Rock-New Orleans—Off day. Cedartown 5, Carrollton 4. Carrollton, Ga., July 12.—(Special.)—Cedartown defeated Carrollton, 5 to 4, winning out in the ninth. Batteries, Carrollton, Stevens and Loftin, six hits, three errors; Cedartown, Young and Cooper, ten hits, two errors.

Score by innings: R. Chattanooga 100 000 1-2. Birmingham 000 000 0-0. Summary—Errors, Lindsey 1, Wallace 1, Robertson 2; two-base hits, Harris, Pitter; three-base hit, Wallace; stolen bases, Harris; double plays, Graf to Pitter to Harris; double play to Pitter to Harris, Ellman to Hemingway, Daisy to Harris, sacrifice hits, Johnson, Harris, Peters; bases on balls, of Robertson 3, of Cunningham 4; left on bases, Birmingham 8, Chattanooga 4; struck out, by Robertson 2, by Cunningham 4. Time, 1:45. Umpires, Kerin and Williams.

Edited By Dick Jemison

Molesworth Will Try "Come Back" as a Player

Birmingham, July 12.—(Special.)—Molesworth is on the verge of doing a "come back." The leader of the Barons has asserted that if the Barons are not traveling at a faster clip than at present, he will sign a players' contract and play regularly in the outfield. Molesworth is confident that he can still work his ball at a 300 clip and repeat his feat of 1914. Last season the club's leader jumped into the game, slugging 17 in 27 games and helped to win the batting for the Barons. Molesworth has already started training for the task and should be in fit condition to re-enter the fray when August comes. For seventeen years he has had worth checking a grand average of .318.

Senators 5, White Sox 3. Chicago, July 12.—Manager Rowland's courtesy cost Chicago today's game. Washington wanting the final contest, 5 to 3, in the third inning, Gandil wrenched his ankle swinging at a ball, and Rowland permitted Williams to finish Gandil's turn at the bat and allowed Gandil to resume his position in the field. In the fifth inning Gandil made a double which sent the winning run across the plate after two men were out. Russell was hit hard in this round. Chicago had several opportunities to score, but failed to deliver pinch hits. With the bases filled in the eighth inning and two out, Johnson relieved Shaw and stopped the rally.

Yankees 7, Indians 4. Cleveland, July 12.—With Cleveland leading, 4 to 2, in the eighth inning, poor hitting by Cleveland took the lead, while the visitors increased the score in the ninth and won 7 to 4. Fisher, who pitched in the fourth field Cleveland to three hits, two of which were scratches. Score by innings: R. H. E. Cleveland 101 000 0-4 8 1. New York 011 000 0-7 10 3. Fisher and Sweeney.

Roswell 8, College Park 2. Roswell, Ga., July 12.—(Special.)—Roswell defeated the College Park Federals, 8 to 2, in a slow game of ball Saturday on the former's ground. Rumberger, for Roswell, struck out sixteen men and gave up two scratches. Roswell secured nine hits off the Federal star, Bazemore.

Philadelphia-St. Louis—Rain. Roswell 8, College Park 2. Roswell, Ga., July 12.—(Special.)—Roswell defeated the College Park Federals, 8 to 2, in a slow game of ball Saturday on the former's ground. Rumberger, for Roswell, struck out sixteen men and gave up two scratches. Roswell secured nine hits off the Federal star, Bazemore.

Score by innings: R. H. E. Philadelphia 020 030 000-7 5 1. St. Louis 120 009 000-4 8 0. Batteries—Shaw, Johnson, and Henry; Klepper, Russell, Wolfgang and Schall.

International League. Harris' 5, Buffalo 2, Buffalo 4, Harris' 4, Prov' 2, Rochester 1, Rich'd 7, Mont' 4. American Association. Milk's 4, Colum's 1, Lou's 1, Minn's 6, St. Paul's 2, Ind's 2, Cleve's 3, Kan City 2. Virginia League. Peter's 2, Park 1, Park 7, Norfolk 1, Rocky Mount 7, Newport News 3. North Carolina. Green's 7, Ashe's 4, Durm 2, Char's 8, Raleigh 7, Winston-Salem 6. Texas League. Ft. Worth 6, Dallas 2, Shrv't 5, Galv 5, Beaumont 2, Houston 1, San Anto 2, Waco 1.

Hawkinsville 4, Montezuma 3. Hawkinsville, Ga., July 12.—(Special.)—Hawkinsville defeated Montezuma here this evening, 4 to 3, in the first of a three-game series. Gheseling could not be hit in the pinches. A maddened fly going for a two-bagger scored two runs in the fourth. Byrd and Hudson pulled a double steal in the eighth. Wright got three hits, breaking up the game in the tenth with a single over second scoring Leocadio. Hudson also got three hits, one going for two bases. Score. R. H. E. Hawkinsville 10 3 0. Montezuma 8 12 2. Batteries—Hawkinsville, Gheseling and Wright; Montezuma, Hawkins and Ellison; Umpire, Stone Hamlet.

Score by innings: R. H. E. Philadelphia 020 030 000-7 5 1. St. Louis 120 009 000-4 8 0. Batteries—Shaw, Johnson, and Henry; Klepper, Russell, Wolfgang and Schall.

BASEBALL TODAY. ATLANTA vs. MEMPHIS. Ponce de Leon Park. GAME CALLED AT 3:45.

Cotton Takes Upward Turn

Short Covering and Straddling Sways Market at the Opening, But Late in Session Market Rises on Bull Support.

RANGE IN NEW YORK COTTON. Table with columns for Open, High, Low, Close and Prev. Close for various months from Jan to Dec.

RANGE IN NEW ORLEANS COTTON. Table with columns for Open, High, Low, Close and Prev. Close for various months from Jan to Dec.

New York, July 12.—The cotton market was very much unsettled again today, but liquidation was less active than in the closing of last week, and after early irregularity prices rallied sharply with the close at a net advance of 14 to 18 points.

Liverpool was better than due and the buying was not so active as in the middle of the day under a renewal of liquidation, New Orleans and Wall Street were also better, but houses were probably encouraged by reports of good weather over Sunday and talk of favorable political conditions.

Port receipts, 1,826 bales, United States port stocks, 216,548. Exports, 20,000 bales, of which 10,000 were to London. There were rumors that domestic spinners were buying a little cotton for short covering.

After the close of Liverpool shutout arbitrage buying, demand was less active than in the middle of the day under a renewal of liquidation, New Orleans and Wall Street were also better, but houses were probably encouraged by reports of good weather over Sunday and talk of favorable political conditions.
