Lucy Bori, the beautiful Spanish soprano of the Metropolitan Opera company, last night added another success to her series of triumphs in Atlanta.

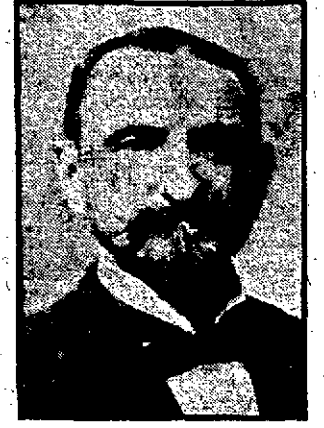

Her work as Flora, in "The Love of the Three Kings," last night emphasized what Atlanta already knew of Bori as a singer, and gave a new and very broad opportunity for the exercise of her histrionic powers.

At the end of the second act there were a dozen, maybe a score, of curtain calls for the stars, and when, at last, Bori appeared alone she was greeted again by the signal ovations which have characterized her other performances.

Between the acts they were always surrounded by animated and interested groups and opera glasses from all parts of the auditorium centered upon them. Every one was anxious to see what real world-famous opera stars look like and how they conducted themselves off the stage.

VILLA CLAIMS VICTORY OVER CARRANZA TROOPS. It was said the Carranza troops were defeated, retreating to Silao.

WINS RACE

THOMAS H. JEFFRIES, Elected ordinary of Fulton county, succeeding the late Judge John R. Wilkinson.

Justice Ere Peace, Is Cry of Belgian Woman at Hague

Sick of Silly, Peace Platitudes, Declares English Woman Delegate—Dove of Peace Sadly Ruffled.

The Hague, Netherlands, April 30.—(Via London).—The wings of the dove of peace were ruffled today at the session of the International Congress of Women. At the instance of Dr. Augustin, of Munich, the entire Belgian delegation was invited to the platform.

When this was granted she ascended her audience with this dramatic exclamation: "I am a Belgian before everything and I cannot think as you do. There can be no peace without justice. The way must continue until the Belgians' wrongs have been righted. There must be no mediation except at the bar of justice."

Some time before the congress had been opened by Mrs. Amy Lillington, of London, who declared: "I was a suffragist, and I remain a suffragist. I suffered in jail for it. I am just a plain English working woman, but I represent millions of women who favor the present just war as much as do the men. One hundred and eighty women are said to be waiting at Tibury to come to this congress to talk peace. For every one of those a thousand English women are willing to accompany their sons and husbands to fight. We are tired of the century-old silly platitudes such as are uttered here."

Elizabeth Glendower Evans, of Boston, and Rose Morgan French, of San Francisco moved and seconded an amendment to the resolution referring to armaments. The delegate urged that all neutral nations place an embargo on arms and ammunition.

Miss Adams said: "I am glad to agree with Miss Evans' indictment, as much of that has happened in America," but she stated that the amendment was out of order.

CUMULATIVE ADVERTISING

Here is a simple equation in the cumulative value of Constitution advertising. Suppose only one person reads your advertisement in The Constitution comes to buy. That sale does not show a profit, but that customer is so well satisfied he tells two friends. They in turn tell others and an endless chain sets in that can be broken only by failure to give service. The cumulative value of Constitution advertising is one of its most potent reasons for success.

ORDINARY'S RACE

WON BY JEFFRIES BY BIG MAJORITY

The Winner Receives 3,672 Votes; Paul Donehoo Gets 962, and 281 Ballots Cast for Judge Hammond.

EVERY WARD IN CITY CARRIED BY JEFFRIES

Newly Elected Ordinary Will Take Office Monday. Returns Thanks to Friends. Donehoo Issues Card.

It is Judge Thomas H. Jeffries. The result of Friday's election for ordinary of Fulton county was overwhelmingly for Mr. Jeffries. He carried both the county and the city precincts by an overwhelming majority.

The result was more than his most optimistic friends anticipated. The total vote in the county was as follows: For Jeffries 3,672, Donehoo 962, Hammond 281.

The total vote cast in the county was 4,914, which was very light. The vote by precincts was as follows: First Ward—Donehoo 27, Jeffries 179, Hammond 34. Second Ward—Donehoo 148, Jeffries 558, Hammond 35. Third Ward—Donehoo 121, Jeffries 581, Hammond 10.

The official count showed that Mr. Jeffries carried every precinct in the county, both in and outside the city. The vote will be counted in the afternoon by a superior court judge. He will assume his duties Monday.

For many years Mr. Jeffries has been one of the best known and liked men in Georgia in secret order circles, and has been one of the active Masons in the state, always taking a great interest in the various branches of the work.

He has a host of friends in all parts of Georgia who will be gratified to learn of his victory, and join as a unit in wishing him success in his new office. "I feel deeply grateful to my friends for the confidence and esteem," said Mr. Jeffries last night, "to my personal friends for their support, and to my voters for the confidence they have placed in me through the race. Money has imposed in me a sacred trust and I shall endeavor to keep it as best I can."

Mr. Donehoo, who finished The Constitution with the following: "To the Voters of Fulton County: I want to extend my hearty thanks to those who stood by me with their vote and their influence in the race for ordinary of Fulton county. For every one of those a thousand English women are willing to accompany their sons and husbands to fight. We are tired of the century-old silly platitudes such as are uttered here."

Mr. Donehoo issued the following: "I am deeply grateful to my friends for the confidence and esteem, said Mr. Jeffries last night, "to my personal friends for their support, and to my voters for the confidence they have placed in me through the race. Money has imposed in me a sacred trust and I shall endeavor to keep it as best I can."

Leo Frank An Innocent Man Declares Geraldine Farrar After Visit to Tower Cell

MISS GERALDINE FARRAR In the role which she plays tonight in "Madame Sans-Gené." She declares Frank is an innocent man.

Opera Singer Elated Upon Hearing That Mr. and Mrs. Leo Frank Became Engaged After Hearing Her Sing Several Years Ago.

Geraldine Farrar, grand opera's fairest songbird, laden with an armful of flowers, visited the cell of Leo Frank Thursday and learned that it was largely the influence of her romantic arias one night years ago, when she made her first appearance in Atlanta, that prompted the engagement of Frank to his wife.

One of her first acts upon emerging from the jail after spending several hours with the doomed man was the dispatching of a 150-word telegram to a New York newspaper and friends in that city, proclaiming her belief in the man's innocence. She was vividly impressed, and last night told a reporter for The Constitution that Frank's personality was, without doubt, the most remarkable she had ever encountered.

"This faith and spirit are wonderful," she exclaimed, as she recalled impressions recorded upon her visit to the Tower. "I have never seen a man with such a personality. One might hear everything that could possibly be considered a detriment to his case, but to sit and talk with him would convince even the most callous of his innocence."

Ever since the trial of Leo Frank, the operatic star has kept in close touch with it through the newspapers and magazines. She stated that she had made a particular study of the case, owing to the widespread attention it commands and to the interesting psychological elements involved.

Dunkirk and thrown shells into it and killed three persons and wounded 45.

Another report had it that the German had been seen off the coast of Belgium, but as British war craft were bombarding Zebrugge during the greater part of last night and again today, this seems doubtful.

Another sensation came from the east, where it is announced that German cavalry, which apparently got around the extreme right of the Russians, has invaded the Russian Baltic provinces. There has been no indication in what force the Germans are operating, but it is presumed here that the cavalry is simply looking over the ground to find out what opposition a force landed at Polangen in the province of Courland would meet with in military circles here it is asserted that this cavalry, however, can interfere with the Russian communications

and to meet a division in the house of commons. The attitude of the house probably reflects the opinion of the country, which is sharply divided on the subject of the proposed prohibition of alcoholic beverages.

In reply to the Zeppelin visit to the county of Suffolk, England, early this morning, allied airmen have visited Belgium and bombarded Ostend and other towns and also attacked towns in southern Germany.

Nothing of importance has occurred along the western battle front. The Germans claim still to hold bridgeheads on the Yser canal at Het Sas and Steenstraete. They are being attacked by the allies, who, according to all the official reports, are on the offensive at most points. The German report repeatedly refers to the repulse of allied attacks.

German submarines again are active. They have sunk the trawler Lilly Dale and the collier Mobile. German airmen, it is said, dropped bombs, but without effect, at the American steamer Chaling.

reached yesterday, the railroad running from Duenaburg to Libau. The Russian forces did not offer serious resistance. Fighting is now going on near Riga and Vitebsk in Russian Poland north of Suwalki. Duenaburg is about 225 miles to the east of Riga. It is an important manufacturing city, and it is described as a great depot for the Russian artillery. The railroad line between the two points runs east and west through the province of Kovno, and it is roughly speaking 150 miles to the north of the boundary line between Kovno and East Prussia.

# NEW ROUTE URGED ATLANTA TO MACON

Advocates of Road Running Through Clayton, Henry, Spalding, Pike, Monroe and Bibb Visit Atlanta.

Advocates of still another route between Atlanta and Macon for the Dixie highway visited Atlanta yesterday for the purpose of conferring with Clark Howell, one of the two commissioners for Georgia for the highway. They were Hon. A. C. Blacklock and E. Q. Hutcherson, both of Jonesboro.

They brought with them assurance that if the route they represent, which runs through Clayton, Spalding, Henry, Pike, Monroe and Bibb counties, is selected, that it will be graded and surfaced from one end to the other until it will be practically a boulevard all the way from Atlanta to Macon.

The road from Atlanta, via Jonesboro to Griffin, is already graded every foot of the way," declared Mr. Blacklock, "and there is not a bridge nor a ford for the whole distance. The route proposed is a straight line, and the road crosses the road tracks. The route parallels the tracks of the Central railroad practically the entire distance to Macon, the only divergence being for the purpose of shortening the route by three or four miles to Macon by this road than it is by the railroad.

As an illustration of the condition of this route at the present time," continued Mr. Blacklock, "I left Jonesboro in high gear and it was never necessary for me to shift until I reached Atlanta.

Not only is this route in splendid shape, but the character of the various counties through which it goes that it will be kept in perfect condition, but an added value is the fact that it runs through such a thickly populated section, and that there are so many small towns along the route. There is not a stretch of the road two hundred yards long upon which there is not one or more houses.

Many Towns on Route. The towns between Atlanta and Griffin are East Point, Haverhill, Forest Park, Morrow, Jonesboro, Lovelock, Hampton, Sunny Side, Pomona and Experiment Station. All of these towns are enthusiastic over securing the highway and most of them will have delegations at the meeting to be held at Griffin Monday in the interest of securing this link of the Dixie highway for their section.

Garages and telephone and telegraph stations are obtainable at short distances all along the route. The fact that the route runs through the center of the ground where the battle of Jonesboro was fought during the civil war and that a large number of confederate and federal soldiers are buried in the Jonesboro cemetery, was cited by Mr. Hutcherson as adding attractiveness to the route.

Misses Blacklock and Hutcherson left Atlanta Friday afternoon to complete arrangements for the meeting at Griffin.

# Five Hundred Highway Delegates Are Present At Fitzgerald Meeting

Fitzgerald, Ga., April 30.—(Special.) At the call of Chairman W. R. Bowen more than five hundred enthusiastic boosters for the Dixie highway via Hawkinsville, Abbeville, Fitzgerald, Ocella, Douglasville, Waycross and Folkstone to Jacksonville met in the Ben Hill county courthouse today. Reports from all the counties along the proposed route show that the roads that are not already in shape to meet the requirements of the new mission are being rapidly put up to the standard and every town and county is determined not to leave anything undone to secure the route.

# VAST INCREASE AHEAD FOR AMERICAN TRADE

Redfield Thinks United States May Take First Place in World's Commerce.

Philadelphia, April 30.—How best to take advantage of opportunities for foreign trade expansion after the war is concluded, and how to find work for the unemployed until the full measure of prosperity is upon the United States, were questions discussed today at the annual meeting of the American Academy of Political and Social Science. Secretary Redfield saw a vast increase coming in the nation's foreign commerce. So vast would the increase be, he said, that he thought no one would be surprised if the United States should take second if not first place in the world's commerce.

Theodore H. Price, economist, said the prospect for trade expansion was such that Americans are in danger of developing a "big head." Speakers agreed that in solving the problem of the unemployed the national and state governments should do more in finding work for idle men. President Rogers of the American Federation of Labor, and Frank J. Warno, of Washington, urged that the government should at once study closely the question of immigration and, if necessary, restrict the inflow of workmen from Europe after the war, so as not to upset economic conditions by a surplus of labor.

Theodore Marburg, of Baltimore, former minister to Belgium, advocated a league of the nations with a view to preventing or reducing the chances of war. His idea was that two nations found themselves at odds, they

# THREE BURGLARIES REPORTED TO POLICE

Intruder Makes Hurried "Get-away" When Young Lady Gets a Shotgun.

Three burglaries were reported to the police this morning about 1 o'clock, one from the grocery store of R. A. Broyles, 155 Luckie street, which has been burglarized three times during the past three months. A big lot of groceries was taken but the actual loss could not be learned last night.

While Miss Katie Gilbert, a school teacher, 229 East Georgia avenue, sat up late working on her monthly school reports, she looked up from her work to see a negro in the dining room. She called her small brother and sent him across the street to call the police. In the meantime, her sister, Miss Venilla Gilbert, procured a shotgun and started after the negro. He made his escape through a back door, without getting any of her clothes.

The family of O. E. Hutchinson, 35 Broyles street, was awakened by the smashing of a glass window in the kitchen and on investigation they found that a burglar had entered and gotten away with several small articles. The police found the tracks leading from the rear of the house.

Chief Beavers Friday said that a number of residences were burglarized Thursday on the north side, while the occupants were tending grand opera, but refuse to give out any details about them.

# Palm Beach Suits

When buying Palm Beach suits it is well to bear in mind that the genuine has the label securely sewed in the collar of the coat.

Other fabrics, made in imitation, will everywhere be much in evidence, but like all imitations they do not contain the intrinsic worth of the original fabric.

Likewise, in the construction, even of the genuine cloth, such latitude is offered manufacturers whose interests are only in the selling that one is apt to obtain unsatisfactory results unless procured from stores in whom you can place the utmost dependence.

You will see in our windows a display of the popular fabrics and the newest models to be had in the various hot-weather fabrics. Our garments are all constructed by makers whose interests are identical with your own. Every detail, including making, shrinking and styling, has been given the greatest possible care.

REPORT ON CURRENCY FOR GEORGIA IS FILED

Helpfulness of Elastic Currency Has Been Thoroughly Demonstrated.

The last block of currency issued by the National Currency Association of Georgia, being \$15,000 having been returned to the secretary of the association...

At the beginning of the European war, the Georgia association was one of only three duly organized in the United States in such manner as to at once receive applications for currency to be issued under the provisions of the Aldrich-Vreeland currency act...

Nine days after the beginning of the war the Georgia association through its executive committee approved securities and thus automatically approved applications for the issuance of \$3,511,350 of the additional circulation...

This substantial additional circulation coupled with the knowledge that over four times the amount was instantly available, no doubt, averted a panic and a thorough demonstration of the helpfulness and practicability of an elastic currency.

The expenses of the association, which were levied on the eighty-six participating member banks in Georgia and in the counties of Bradley, James and Hamilton in Tennessee were less than 1.5 of 1 per cent on the circulation issued.

The executive committee was composed of Robert J. Lowry, president; Charles E. Currier, W. J. Black, W. H. Lee, John B. O'Neil, Atlanta; C. Bradley, Columbus; P. E. May, Augusta; C. A. Lyster, Chatsworth; J. H. Reynolds, Rome; P. H. Miller, Macon; R. H. Drake, Griffin, and John J. Wilkins, Athens.

The committee held thirty-eight meetings at which over twenty-four million dollars in securities were passed upon as to their technical and legal form and value of the notes, and in their demonstrated patriotism, its members rendered valuable service to their section.

One of the public occasions will be the night of the Rome Atlanta Convention on Wednesday, May 5, which will be presided over by Past Grand Master H. H. Morgan, Grand Master of the Order of Eastern Star of Georgia, and probably Governor-elect Nat E. Harris, of Macon.

JUDGE HARRIS EXPECTS TO HANDLE FRANK CASE

Majority of Letters Sent Governor-Elect Are in Favor of Clemency.

Governor-elect Nat E. Harris, in Atlanta Friday, stated that he was finding it difficult to find time to handle the thousands of letters he is receiving daily from all parts of the country...

"It now appears that the case will be up to me, but I am not worrying about it yet," said Judge Harris. "There will be plenty of time for me to handle it officially when I come into office in June. The case is well targeted now, and it is difficult to make any statement about it."

"Some of the letters I have received are very interesting. One was from a little 12-year-old girl in a distant state; another from a little girl in a southern state. One man, writing from a western state, was bitter in his denunciation of Frank, and asked that no clemency be shown. There are only a few letters in the entire lot that do not ask clemency."

Frank's petition is now before the Governor-elect.

DRY SCALY TETTER COVERED ARM

Began on Fingers in Watery Pimples; Itched and Burned Severely. Eyes Began to Swell. Used Cuticura Hand, Arm and Face Smooth.

R. F. D. No. 2, Moore, S. C.—"When the trouble first began my fingers were covered with fine watery pimples which itched and burned very severely. Finally my arm was covered and after a while my eyes began to swell. It was very hard to find my way for a while. My hand and arm would often crack open and bleed. The more I would rub them the more they would itch. The tetter looked dry and scaly. I could not put my hands in water for if I did they would crack open and bleed, after drying."

"I was treated for quite a while but it did not do me any good. I tried all kinds of fine salves but found no relief for them. Finally someone told me to try Cuticura Soap and Ointment. I did and now all the scales are gone and my hand, arm and face are as smooth as ever. I owe all my cure to Cuticura Soap and Ointment." (Signed) Charlie Floyd, October 5, 1914.
