Masquerade Ball Tonight at Auditorium Will Be Big Feature of Night—Worden to Make Flights.

LAST DAY'S EVENTS. 9 a. m. Opening better baby show program at Taft hall. 10 30 a. m. Child skating contests on Luckie street.

Across the desert, over the Rockies and through western plains last night there came contributions to the entertainment presented by the Southern Bell Telephone and Telegraph company to 250 city and state officials and business men at the chamber of commerce hall.

It was the official opening of the Atlanta extension of the transcontinental telephone service, that reaches from New York to San Francisco. Atlanta sat and gossiped with San Francisco about the fair, the weather, current topics and personal matters.

G. W. Peck, president of the Atlanta Telephone and Telegraph company, presided over the meeting in San Francisco in conjunction with Mr. Kingsbury at the Atlanta end.

Two Trained Bears Amble Down Street And Crowd Departs

From Busy Thoroughfare Decatur Street Is Suddenly Transformed Into Place of Desert-Like Loneliness.

Although it sometimes takes the united efforts of a score of policemen to scatter the crowds of Downtown residents on Decatur street, it took two trained bears about ten seconds to transform the street, Friday afternoon, from a jostling thoroughfare to a place of desert-like loneliness.

DOCTOR JUSTIFIED BY CORONER'S JURY IN LETTING BABE DIE

Six Physicians, After Hearing Evidence, Hold Dr. Haiselden Was Morally and Ethically Right in Refusing to Operate.

RIGHT FOR A PHYSICIAN TO FOLLOW CONSCIENCE

The Verdict Adds, However, "That the Physician's Highest Duty Is to Relieve Suffering and to Save or Prolong Life.

Chicago, November 19.—Six physicians, composing a coroner's jury, today held that Dr. H. J. Haiselden, who permitted an infant, John Bollinger, to die when an operation might have saved him to a life of unhappiness as a defective, was morally and ethically justified in refusing to perform the operation which his conscience did not sanction.

Dr. Haiselden in his testimony said he did not reach his final decision not to operate until he had consulted fifteen practicing physicians, fourteen of whom approved his course of letting the little life expire.

Dr. Haiselden said he based his opinion on the child's actions. He said he was unable to determine beyond all doubt that the child was both deaf and blind.

Dr. Robertson Offers Caution. Dr. Haiselden showed a number of X-ray pictures of the child's anatomy to the jury.

The verdict of the coroner's jury follows: "We find from the evidence presented and from personal investigation that the child died from the effects of imperforate anus.

SERBS BEATEN TO PIECES BETWEEN BULGAR HAMMER AND THE TEUTONIC ANVIL

DAVIS IS RUN DOWN AND KILLED BY CAR

Smoke Prevented Motorist From Seeing Man on Tracks of the River Line, According to Reports.

A man supposed to be J. W. Davis, of Chattahoochee, Ga., from papers found on his person, was run down and almost instantly killed by a car of the Georgia Railway and Power company on the River line between Klondike and Peyton stations Friday afternoon at 1:47 o'clock.

The accident happened near a trestle over the Southern railway tracks and was due, according to reports, to the smoke of a passing train preventing the motorist from seeing Davis.

Atlanta Mothers Indorse Position Taken by Doctor

Service Done to Humanity by Allowing Baby to Die, According to Prominent Officials at the Baby Show

A ballot that resulted overwhelmingly in favor of sustaining the position taken by Dr. Haiselden and the mother of "Baby Bollinger," the Chicago defective infant who was allowed to die by its mother and physician rather than subject it to an operation that might give it a chance to live, was cast by nine prominent women officials and twelve mothers at the "Georgia Better Babies" show at Taft hall Friday afternoon.

ONLY ONE OPPOSES. Only one official voted against the "death sentence" passed by the doctor and mother.

DEATH SENTENCE IS OPPOSED. Against the Chicago doctor and mother: Mrs. George M. Miles, wife of a prominent Atlanta physician.

Almost Trapped, the Serbians Must Fight Greatly Superior Forces or Retire to Montenegro, Albania or Greece.

ATTITUDE OF GREECE NOT YET MADE CLEAR

Although the Allies Are More Hopeful—Reported That the Bulgars Have Taken Monastir—Crisis Evidently Has Been Reached in the Balkans.

London, November 19.—The position of the Serbian army and the attitude of Greece toward the entente powers are still the questions of interest in Europe.

It is thought the Serbians may make a stand on the historic plain of Kosovo, east of the Montenegrin frontier, where 500 years ago they lost their independence to Turkey.

The Austro-Germans on the north are now within thirty miles of the Mitrovitz-Pristina line of the Sava, while the Bulgarians in the south are said already to have passed Monastir.

MONASTIR TAKEN BY BULGARS. London, November 19.—A Rome dispatch to the Exchange today being followed by a telegram to The Tribune from Athens states that the Bulgarians have occupied Monastir, and that the Serbians are in full retreat.

FRENCH REPULSE BULGAR ATTACKS. Paris, November 19.—The French were tonight assured the following: "Army of the Orient Quiet prevails on our front, except in the region of Strumitsa, where the Bulgarians attacked us. They were repulsed after serious losses."

Weather Prophecy FAIR AND COLDER. Washington—Forecast: Georgia—Fair Saturday and Sunday; colder Saturday.

OR with the lid, let joy be unrestrained. This is "Sumfrollic" day, the last of the Georgia Harvest festival, and sufficient to say that it will be the most enjoyable of the week.

Some time between the hours of 8 and 9 a. m. the police will pry off the lid. It won't be returned and put back in place until midnight has long sounded its requiem to Georgia's most festive week of celebration.

Coquettish girls, mischievous girls, winsome girls—fancy females of every description—will appear upon the streets this afternoon in mask and costume.

Just so you don't assail the corner policeman, punch the ribs of your neighbor, or try to separate a stranger and his best girl, any sort of harmless fun will be permissible.

LID OFF. You mustn't carry a pistol, a sword, cane or stiletto, and nobody would advise you to use profanity in your tumbling, but you can make a lot of noise, nobody is going to get mad at your gleeful mischief, and the girls—Lord bless them—will be able to get away with almost anything.

The sun will shine and the air will be crisp enough to tone up the spirits, tint the cheeks and instill plenty of pep in the frolicsome festival crowds.

Added to the day's events will be the thrilling spectacle, "Fighting the Flames," which performance was postponed Friday afternoon on account of the wet timbers.

The Atlanta fire department will battle with a three-story conflagration for the defeat of a crowd that is estimated to run high into the thousands. There will be other performances, too, including drills and operatic vaudeville offerings.

One hundred and fifty amateur performers will be rescued from the burning structure on all sorts of life-saving paraphernalia, including Pompeii ladders, diving nets, scaling ladders, human life-lines and rope ladders.

The three-story hotel building will be set afire; the fire apparatus will respond to the alarm.

While one battalion of fire fighters devote themselves to the task of fighting the flames, others will begin the rescue of the lives of the 150 men, women and girls occupying the building.

The Verdict of the Jury.

"We find from the evidence presented and from personal investigation that the child died from the effects of imperforate anus. The essential malformations of the bowel were: 1. Imperforate anus. 2. Fusion of the two kidneys into one, located on the left side, and with a single ureter.

Bulgarian attacks for three days, are redoubling their efforts to occupy Veles. EARL KITCHENER AT SALONIKI. Saloniki, November 18—(Via Paris, November 19)—Field Marshal Earl Kitchener, the British secretary of war, today conferred with General Sarrail, commander-in-chief of the French army of the Orient, and left immediately without debarking. SERB POSITION MOST DIFFICULT. London, November 19—No dispatches have been received either from Athens or Saloniki since early Thursday and this closure of telegraphic communication is regarded as ominous for the position of the Serbian army, which is engaged in a difficult retreat. Unconfirmed reports that Bulgarian advance guards have entered Monastir are regarded here with suspicion. According to official statements, however, almost four-fifths of Serbia already is overrun by the Austro-Germans and Bulgarians. The Austro-German advance from the northwest approaches the Sanjak of Novi-pazar, having reached the north of Raška. Thence it passes through Kursumia and Kadian, ending at a point between Laskovatz and Vranja. The occupation of Kursumia brings the invaders close to Mitrovitza and gives them the key to one of the few great cross roads cutting Serbia from west to east. The Serbian army is being forced between the limits of two narrow fronts, Mitrovitza and Pristina, in the center, and Prilep and Monastir, on the south. The Serbians have the alternative of giving battle where they stand or retiring in the center. Kursumia is not available as the Bulgarians bar the way at the Uakup junction and the Katchank is reason to believe that if they are compelled to withdraw into Greece they will not be interned. PRILEP EVACUATED BY THE SERBIANS. Paris, November 19—The Saloniki dispatch announces the general retreat of the Serbs on the southwestern front after the capture of Babuna pass by the Bulgars, is without official confirmation, says a Havas dispatch from Athens (dated yesterday). The only fact established is the evacuation of Prilep by the Serbs. The abandonment of Babuna pass has been expected in Athenian military circles for several days as it was not considered possible for the Serbs, notwithstanding their heroic defense, to resist longer repeated Bulgarian attacks, especially as they threatened envelopment by a movement from Tetovo and Kisevo. The Serbians probably will retire to the heights between Prilep and Monastir, the inhabitants of which are taking refuge in Albania and Greek territory. Large numbers have arrived at Florina, Greece, but the more well-to-do are going to Saloniki. The Serbian army is expected to retreat towards Albania. It is estimated there are 50,000 Serbs in the Monastir region opposed to more than 30,000 Bulgars. INVADERS TAKE 5,000 SERBIANS. Berlin, November 19—(Via London)

CUTS ARE RESTORED BY SENATE FRIDAY

Increase of \$150,000 for the Common School Fund Over Sum Allowed at Present Is Voted.

After an effort on the part of the prohibition leaders to hold appropriations down, which met with but little success, the senate yesterday passed the general appropriations bill, replacing the cuts imposed by the house upon state institutions and boosting the common school fund \$150,000, making a total common school appropriation of \$2,700,000.

Senator McCrory started a fight against increasing appropriations when the matter of giving Tech \$10,000 additional with which to operate the new plant came up. This additional sum was given however, making a total appropriation of \$100,000 for Tech.

LEGACY OF \$10,000 FOR WORK ON CONDITION THAT EQUAL SUM IS CONTRIBUTED—MEETINGS ARE CONCLUDED.

LaGrange, Ga., November 19.—(Special.)—The closing session of the synod of Georgia was preached Friday night at 7:30 o'clock by Rev. M. C. G. Shields, superintendent and evangelist of the synod.

The synod has appointed a commission to act upon a legacy of \$10,000 to be used in the support of an orphanage in Georgia in connection with Nacoochee institute. The terms of the legacy require the raising of \$10,000 in addition by the synod of Georgia.

Friday morning Dr. R. C. Reed conducted the opening devotional exercises. Mr. Reed is professor of church history in the theological seminary at Columbia, S. C. He addressed the synod upon the new day that is dawning upon the earth and brought to the attention of the body the various needs of the institution.

By a rising vote the representatives from every part of Georgia who were present at the Friday morning session ruled that the gathering in LaGrange this afternoon and evening should be the body had ever held, and at the same time expressed their appreciation to the people of LaGrange for the delightful manner in which they had entertained them while here.

MAKING GEORGIA FAMOUS PIG-PRODUCING STATE

Macon Plan Given Indorsement of Manager of Georgia Chamber of Commerce.

With a view to making Georgia famous as a pig-producing state, Albert M. Smith, secretary and manager of the Georgia Chamber of Commerce, is sending to every chamber of commerce in the state a pamphlet telling of the methods which are being employed at Macon.

The plan, as adopted at Macon is an admirable one by Mr. Smith, and he thinks that were it adopted by all of the chambers of commerce in Georgia it would be only a comparatively short time until the pig raisers of Georgia would be furnishing pork for many markets throughout the country.

Friday morning Dr. R. C. Reed conducted the opening devotional exercises. Mr. Reed is professor of church history in the theological seminary at Columbia, S. C. He addressed the synod upon the new day that is dawning upon the earth and brought to the attention of the body the various needs of the institution.

FLORIDA GAME WARDENS LOSE THEIR POSITIONS

Tallahassee, Fla., November 19.—In an opinion just handed down by the supreme court the feature of the new state game law passed by the 1915 legislature relating to issuance of licenses is sustained, but the provisions of said law requiring a specified length of residence in counties before applicant may secure a license is unconstitutional. That portion of the statute attempting to create the office of county game warden is invalid. The court declares that provisions considered in conflict with the constitution do not vitiate the general act itself. The enforcement of the game law is now with the sheriff. Every game warden in the state loses his job.

SHE WAS A MERE SKELETON

This Lady Suffered From Severe Pain in Left Side, Was Very Weak, and Confined to Bed for Month at a Time.

Oklahoma City, Okla.—Mrs. Dora Funderburg, of this city, says: "When I was 14 years old I was very poorly, and was told that my case was very bad. The medicine I took did me no good, and I only spent my money for nothing, as I got no relief, but when I commenced taking Cardui, I began improving.

Before taking Cardui I was a mere skeleton, and was very weak and was confined to my bed at times, sometimes as long as a month at a time. I was unable to go to school regularly for two years, on account of my bad health. I had cramping every month, and a severe pain in my left side.

My mother told me of Cardui, and after taking one bottle I was greatly relieved of the pains. I have continued taking it until I feel like a different woman, and I cannot praise Cardui enough. I am now gaining in weight, and all my friends that see me speak of how much better I look in the last month, and I tell them I am taking Cardui. I highly recommend it to all suffering women."

Try taking Cardui for your troubles. Get a bottle today. You won't regret giving it a trial. Your druggist sells it.

The storm in the eastern belt caused a delay in the wire service, which probably had a tendency to restrict trading and the bulk of the day's business was attributed to a transfer of interest by both Liverpool and local spot houses from January to later delivery contracts.
